

COMMANDER RODGERS said one popular and one very unpopular thing. When he said that there was something "vitally wrong" with the navy, that was popular enough. But when he added that what was wrong was not any particular person's wickedness, but an unscientific organization, that ran counter to the most prevalent of popular prejudices.

Anger at a person's wickedness is a very common thing. Thinking about a situation is hard work. So we prefer a personal devil to blame. Snarling at a personal culprit requires no quality which we do not share with every bulldog. Analyzing an impersonal situation requires thought and labor, both of which are painful.

We snarl at congress, and recommend "better men." There are plenty of good men in congress now, and it would be easy to get more of them, and better, if we would make it worth their while. The real trouble is that congress, too, is unscientifically organized. But to know what to do about that means study, and opening the mind to unfamiliar ideas. Punishing somebody, or complaining because we can not, is easier.

"LAUDATOR temporis acti," the praiser of the good old days, is the commonest sort of a pessimist. It is easy, too. Just remember the best of the old time, and compare it with the worst of the present, and you can make it as uncomplimentary as you please. Remember the "good fellowship" of the old-time saloon, and forget its many drunks and still more numerous befuddled, its corruption of private life and public ideals and it is easy to pretend that modern bootleg is worse. Or, remembering the few "champion spellers" of the old schoolhouses, it is easy to condemn the many unchampion spellers of today.

OMITTING the drunks and confining ourselves to the spellers, it is interesting to find the results of actual tests. Examination of a large number of California high schools revealed that the pupils, as a whole, were decidedly "above standard"—that is, above the good old days—in spelling and vocabulary, but decidedly below standard in comprehension of what they read.

Which refutes the stock criticism, but sets up another and much more serious one. It is well to be able to spell; though in these days, it is vital only to stenographers, printers, proofreaders and writers for the press. But it is essential to be able to get ideas from the printed page.

Life has grown so complicated that for most of us there is no other source. If the schools have a critical responsibility, it is not to vie with what grandfathers imagined were the achievements of the old-fashioned spelling school, but to turn out a generation able to read, in the sense of getting the meaning of printed English accurately and readily.

COMMISSIONER Elwood Mead, of the reclamation service denies that there is needless delay and opposition from his department to carry out reclamation enterprises. The bureau, he says, desires to build projects "wherever a sound economic development is assured."

That is just the trouble. Certain senators (representatives no longer count) desire projects built in their states whether sound economic development is possible or not. And they get the projects approved by congress, by the familiar process of log rolling.

It is the duty of the technical departments then to report on their feasibility. If they find out, as they more than once have, that a particular project is possible or not, they will always be a charge on the whole nation, for the benefit of a few of the particular senator's constituents, it is their duty to say so, and to insist that congress take the responsibility, in full view of these facts, of subsidizing these propositions or letting them up.

When the projects are an engineering possibility, but a financial impossibility, it is the business of the bureau, when congress provides the money, to spend it. Harmonious action is feasible. The trouble is in harmoniously "passing the buck."

**AIR RACE IS HELD DURING RAINSTORM**  
MITCHELL FIELD, L. I., Oct. 9.—C. S. "Casey" Jones, of the Curtis Airplane company, today won the 100-mile event for low-powered civilian-owned airplanes at the national air races here.

It was his second victory of the meet in the same plane—a Curtis Oriole. Jones took the lead when the race started and never yielded it.

The race was flown in a rain, which caused postponement of all other events scheduled for today until Monday.

Jones' average for the 100 miles today was 128.4 miles an hour. Yesterday, when not hampered by rain, he averaged 134.2 miles an hour over the same course.

Basil L. Rowe, Pleasant Gap, Pa., finished next to Jones, with an average speed of 119.3 miles an hour. F. H. Becker, Paterson, N. J., was third. His average was 111.9 miles.

## Threaten Eviction of Heretic Bishop

CHURCH WILL NOT PERMIT MORE STRIFE

Brown Makes Stirring Appeal, in Which He Denies Charges of Atheism

WANTS NO LENIENCY

Accused Tells Episcopal Heads No Man's Interpretation Authoritative

(By United Press)

NEW ORLEANS, La., Oct. 9.—High authorities of the Protestant Episcopal church today quietly served notice on William Montgomery Brown, heretic bishop, that he will be evicted from the convention hall if he causes them further embarrassment.

Following approval of the heresy verdict against Brown by the house of bishops, the reposed prelate announced he would take his seat again today and perhaps make another appeal from his conviction at his church trial in Cleveland last year.

An influential messenger was then sent to Brown with the suggestion that he was entitled to his seat until sentence against him was formally passed, but they would not tolerate any further discussion of his case.

Denies He Is Heretic  
Bishop Brown made public a stirring appeal to the house of bishops today, denying he was a heretic and an atheist and demanding that the charges be dismissed.

In a 7000-word speech bristling with sarcastic references to "slaves of the medieval past," Brown defended the church and its house of bishops, which he said "was full of heretics," and declared he would resist to the last any attempt to deprive him of his "canonical rights."

"But," continued Brown, "I am not here to plead leniency or consideration. No church, no house of bishops can judge whether my teaching is in accord with the creeds. You have no standards to judge by. No man's interpretation is authoritative."

Brown, who was twice convicted of heresy because of statements in his book, "Communism and Christianity," challenged the bishops to name five men who subscribe to the literal interpretation of the Bible, creeds, articles and prayer book of the church.

Living in New Age  
"I will not accept the supernaturalism of the Bible and the creeds and articles of prayer book," the former prelate told the bishops. "We are living in a new age—the age of science and truth."

He reviewed the history of the church before its break with Rome, calling attention to various church trials of heretics in the middle ages and said, "there are now mercifully no fagots waiting to be kindled for the heretic in the marketplace."

"What your decision would entail, I know. You would single out for condemnation and punishment one heretic in an Anglo-American church and its house of bishops, both of which are full of heretics in the only sense in which you can canonically declare me a heretic."

Brown asked forgiveness for his blunt statements to the bishops and concluded by saying:  
"Brethren, I have done. The world awaits your decision. Pronounce if you will that harsh sentence—that pitiful relic of medieval barbarism. At least I shall go out in the sweet company of truth and honor, than which I know nothing better."

Will Elect President  
Meanwhile, the overwhelming topic in the convention was the election of the president-bishop, who will serve six years and carry more authority than the old seniority line of primates. His salary will be \$15,000 a year, which includes

## THIRD GAME OF SERIES IS POSTPONED

Rain in Washington Makes Playing Between Pirates and Senators Impossible

ADVANTAGE TO SOLONS

Delay Gives Ossie Bluege Another 24 Hours to Recover from His Injuries

(By United Press)

WASHINGTON, D. C., Oct. 9.—The third game of the world's series between Washington and Pittsburgh was postponed today because of rain.

The decision upon the postponement was made by Judge K. M. Landis, after he had conferred with representatives of the two clubs and had been advised by the umpires that the field in Griffith stadium would not be fit to play upon, even if the rain, which fell steadily throughout the morning, ceased by game time.

The postponement favors the Senators, as it gives Ossie Bluege, Washington third baseman, who was hit on the head by a pitched ball yesterday, at least another 24 hours to recover.

It also gives Walter Johnson and Stanley Coveleskie, the veteran twirlers of the world's champions, an extra day to rest their arms.

Bluege was recovering from his slight injury today and will be in the Washington lineup tomorrow.

Directors Raise Salary of Cattle

RIVERSIDE, Oct. 9. Under the raise in salary, Cattle will devote a large part of his time in Washington, D. C., advocating the appropriation of \$1,000,000 by the government for reforestation in four California national parks, a project which has the endorsement of a considerable number of municipalities and development organizations.

Quake Recorded On Harvard Seismograph

CAMBRIDGE, Mass., Oct. 9.—A slight earth shock was recorded on the seismograph at Harvard university at 8:56 a. m. today.

Associate Prof. Kirtley F. Mather, in charge of the station, said at that time a thickening of the seismograph line was noticed. The earthquake continued, he said, for approximately one minute.

"Because of the only slight effect on the seismographic apparatus," said Professor Mather, "it may be assumed that the disturbance was purely local in character. It is not possible to determine from our records the center of the quake."

1925 Corn Crop To Exceed Last Year

WASHINGTON, Oct. 9.—The U. S. department of agriculture today forecast a 1925 corn crop of 2,918,000,000 bushels on the basis of an October 1 condition of 76.2 per cent of normal.

The experts concluded their work today and a joint session of the two commissions, which began at 4 p. m., accepted the agreement within 10 minutes.

## PICK M'QUIGG AS NATIONAL LEGION HEAD

Cleveland Man Is Elected Commander with Three In Battle for Honors

THROUGH IS CRITICIZED

Chairman Calls Gathering Worst in Point of Misbehavior and Rowdysm

(By United Press)

OMAHA, Neb., Oct. 9.—John R. McQuigg, of Cleveland, was elected commander-in-chief of the American Legion at the seventh annual convention of that organization here today.

McQuigg was chosen on the first ballot over Edward E. Spafford, of New York City, and Howard P. Savage, of Chicago.

McQuigg received 652 votes; Spafford, 324, and Savage, 57.

Commander Is Banker  
McQuigg, who holds a rank of brigadier general in the reserve corps, is a Cleveland banker. He is 60 years old and is a veteran of the Spanish-American war and was a colonel of engineers in the World war. He also saw service on the Mexican frontier.

McQuigg started his military career in 1890 as a first lieutenant in the Cleveland Grays, crack militia company of his home city. He has served as commander of the Ohio department of the Legion.

After the result of the ballot was announced, Spafford moved that the election be made unanimous. The motion carried.

The convention then started the election of five vice commanders and a chaplain. Other officers, adjutant, treasurer, judge advocate and historian, are chosen by the executive committee.

The following national vice commanders were elected:  
Joseph Y. Cheney, West Palm Beach, Fla.

Hugh B. Davis, Bartlesville, Okla.  
Vincent A. Carroll, Philadelphia, Pa.  
Ray Littlefield, Rhode Island.  
J. A. Howell, Ogden, Utah.  
Only one other man, Leo Harlow, of Massachusetts, was placed in nomination for national vice commander.

Bakersfield Man Chaplain  
The Rev. William Patrick, rector of the Bakersfield, Calif., Episcopal church and holder of the D. S. C. for bravery in the world war, was elected national chaplain over Minnesota.

Mrs. Eliza Shepherd, sister of the late Jack London, noted author, of San Francisco, was elected national president of the Legion auxiliary on the fourth ballot. Mrs. Shepherd defeated Mrs. Ruth McCurry Brown, Little Rock, Ark.; Mrs. W. H. Morgan, Edwinstown, Ill.; Mrs. W. B. Beals, Seattle; Mrs. Adeline W. McCauley, Menominee, Wis.; and Mrs. Eugene Fenelon, Devil's Lake, N. D.

Charges of Rowdysm  
Conduct of legionnaires at the present convention of the American Legion here was severely criticized on the floor of the convention by Francis J. Good, of Massachusetts, chairman of the committee on resolutions, here today.

Good declared the Omaha convention was the worst in point of rowdysm and misbehavior of any in the history of the Legion.

He presented a resolution asking that future conventions be limited to three days and that efforts be made to prevent rowdysm. The proposition was amended to read four days and on vote was defeated. The three-day proposition will be voted on later.

Drives Many Away  
Cold, dismal weather "froze out" the great bulk of the delegates, and today less than 10,000 remained on the scene.

Delegates from Florida and California and other warm climes appeared on the streets with ear muffs and mittens in jest of the weather.

## SHENANDOAH VOYAGE LAID TO POLITICS

Mrs. Lansdowne Declares Navy Department Responsible for Ship Crash

WITNESS AT HEARING

Refutes Statement by Secretary That Her Husband Made No Protest on Trip

(By United Press)

WASHINGTON, D. C., Oct. 9.—Responsibility for the Shenandoah disaster was directly charged to the navy department by Mrs. Margaret Ross Lansdowne, youthful widow of the ship's commander, when she testified today before the naval court of inquiry.

Tersely, Mrs. Lansdowne charged that the navy chiefs had ordered the westward trip of the navy's dirigible over vehement protests of her husband, that the trip was inspired solely by political motives. Dressed in mourning for her husband, who was buried just a month ago, the widow told the court she was appearing to answer Secretary of the Navy Wilbur's accredited statement that her husband had made no protest to the department. The record of the inquiry proved Wilbur wrong, she said.

Members of the court privately discussed for 15 minutes whether she should be cross-examined and finally permitted her to leave the stand without cross-examination. The court thereupon adjourned until Monday.

Made Vigorous Protest  
Commander Lansdowne protested "as vigorously as any naval officer can without insubordination" against the orders of his superiors sending his ship, the Shenandoah, westward into the Ohio storm which wrecked it and killed 14 of its crew, his widow told the naval court of inquiry today.

Mrs. Lansdowne recited a letter written by her husband on Aug. 14, 1925, protesting against the long westward voyage and suggesting that a trial trip be taken to Detroit to test any possible deficiencies in the ship.

She also mentioned the reply of the navy bureau of navigation, refusing her husband's request on the ground that the department could see no reason for such a trip.

Reading from a brief statement, Mrs. Lansdowne also said that her husband sought to have the trip postponed because he knew violent storms were frequent in the Ohio region at that time of year.

"This protest also was overruled by the department," she said.

For War Maneuvers  
"My husband believed that, inasmuch as the Shenandoah was the only navy dirigible suitable for war use, it should confine its activities to war maneuvers entirely," Mrs. Lansdowne told the court.

"He did not believe such a ship should be used for the purpose of showing the taxpayers how their money was being spent."

"Immediately after the wreck, I made a statement in the press that the trip of the Shenandoah was ordered by the navy department in face of the protests of my husband and purely for political motives."

"The official correspondence which has been recently placed before this board entirely confirms that statement."

Standard Asks Injunction On Secretary Work

WASHINGTON, Oct. 9.—The Standard Oil company, of California, today asked the supreme court of the District of Columbia for an injunction against Secretary of the Interior Work.

The hearing was ordered by Work in conformity with a senate resolution introduced by Senator Walsh, of Montana.

SECRET PAROLES WILL NO LONGER BE GRANTED FROM STATE PRISONS, IS EDICT

(By United Press)

SAN FRANCISCO, Oct. 9.—Orders issued by the state board of prison directors that "secret paroles" from state prisons no longer will be granted, were in effect today, following discovery of two recent cases of parole of which county officials assert they were not informed.

George A. Van Smith, president of the board, said the future policy would be to notify district attorneys and judges in the counties from which men had been convicted of any scheduled parole hearings.

"We refuse to be the goat any longer. Such a step is not required by law, but we will take it in self-protection," said Van Smith.

Parole of E. A. "Big Hutch" Hutchings, convicted Los Angeles swindler, and Dr. Lewis C. Chisholm, convicted Sonoma county murderer, brought up the issue.

## CLEVELAND FOREST OPENED TO TRAVEL

The Trabuco division of the Cleveland National forest was today opened for travel. Word to this effect came from J. B. Stephenson, of Corona, district forest ranger in charge of the Trabuco division.

"This order," said Stephenson, "opens the entire Santa Ana range to travel, but not for camping, excepting that camping will be allowed at three designated camp grounds, in the Trabuco and Hot Springs canyon and at the top of Santiago peak. This will allow hunters to travel and hunt on the portions of the national forest outside the game refuge. This order does not open the national forest to smoking."

Stephenson said that, while the mountain areas were drenched, a dry wind would quickly bring the forest back to a danger period. Many of the most disastrous fires in the state have come after an early heavy rain.

## LABOR TO BATTLE JAP IMMIGRATION

ATLANTIC CITY, N. J., Oct. 9.—The American Federation of Labor will wage an unorganized battle against any attempt to modify the law against Japanese immigration in the next congress.

With the committee on immigration announcing that a massive propaganda campaign has been launched toward admitting the Japanese, the federation is on record as opposing what it says would be "so inimical to the interest of our people."

Committee reports will be submitted again today. One of the resolutions, sponsored by a large group of the delegates, calls upon all nations to cease the manufacture of arms and other military equipment. It also asks that "wealth and industry" be conscripted in war and urges that the powers meet next spring to agree to refrain from furnishing munitions to countries at war.

The convention today will view the first showing of the motion picture on labor conditions, which will be shown throughout the United States and Canada in a membership drive.

## Culver Elected Head of Realtors

## Merchant Financial Wreck

"I am a financial wreck because of the expense of doctors and medicine for my wife. She has been a chronic sufferer for 10 years. Some pronounced it gall stones, some gastritis and some intestinal inflammation. I happened to read an ad of Mayr's Wonderful Remedy and from the first dose my wife has steadily improved." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.

## Two Policemen Jailed In Girl's Death

LOS ANGELES, Oct. 9.—Two police officers were arrested here today, following an automobile accident in which Mildred Walters, 23, was killed.

The officers, C. R. Davis, and Charles W. Schaut, were alleged to have been speeding when their automobile crashed into a telephone pole and was wrecked. Miss Walters, third occupant of the machine, was thrown out and killed instantly.

Detectives said that manslaughter charges would be filed against Davis and Schaut.

## THREATEN EVICTION OF HERETIC BISHOP

(Continued From Page 1.)

\$5000 for house rent and expenses. The convention took on a political aspect with incipient booms for Bishops Charles H. Brent, New York; Theodore L. Rees, of Ohio; Thomas F. Gaylor, of Tennessee, and Freeman, of Washington, who have been most prominently mentioned for the place.

Bishop Brown was a pitiful figure as he arose in the house of bishops late yesterday. Holding in his hand a typewritten statement of 7000 words, Brown cleared his throat for a moment, but broke down in the tense silence and sat down again, only saying a few words.

**Vote On Expulsion**  
The vote to expel Brown from the house of bishops for heresy was 94 to 11.

The next step will be taken by the Rev. Ethelbert Talbot, presiding bishop in Brown's trial, who will formally pass sentence.

Even if Brown is sentenced, it will merely cost him his membership in the house of bishops. He will still remain a bishop because the canons of the church say, "Once a bishop, always a bishop."

There was no indication from Brown that he would accept the verdict of the bishops.

"I have just begun to fight," Brown declared.

Joint meetings of the house of bishops and deputies occupied the convention today. The annual report of the council will be read.

Announcement was made that women of the Protestant Episcopal church auxiliary collected \$904,514.77 in their thank offering for church use during the next three years.

## The WELL-DRESSED MAN

By BEAUNASH

Correct Clothes To Meet The Obligation Of Every Occasion

FISHING HATS AND HINTS

Dear old Isaac Walton,  
that unacknowledged patron saint  
of fishermen, termed angling  
"the contemplative man's re-  
creation." None other in the  
whole span of sport is so  
conducive to a tranquil out-  
look upon life—genial, patient,  
tolerant, full of human juices.  
Fishermen become philoso-  
phers who people the earth  
with kind faces and stud it  
with good deeds. Fishing  
maketh a man sufficient unto  
himself—for him the world is  
bounded by the cast of his  
line. There are no fashions  
in fishing clothes, and even  
when they are, they are of the  
type that is merely angling for  
attention. There is, however, a  
sheaf of special garments and  
accessories expressly designed  
for the particular phase of  
the sport one practices; whether  
it be fly fishing or bait cast-  
ing; stream or salt water; wading  
or shore fishing.

One of the most important articles  
in the fisherman's kit is his  
hat, because it must not only  
shield him from the scorching sun,  
but, very often, also from insect  
pests which abound in damp places.  
Such a hat, usually of stout khaki  
with rows of re-inforcing stitch-  
ing on the brim, as sketched here,  
may be procured plain or with a  
net attachment which hangs down  
fore-and-aft, thus constituting a  
complete protection against the  
suctorial proboscis of the malevolent  
mosquito.

Some fishermen choose their apparel  
and equipment just as care-  
fully as a man would prepare for a  
banquet or a ball. Every de-  
tail is planned with forethought;  
nothing is left to chance. Others  
put on any old thing or anything  
old, feeling that dress is of no  
consequence whatever. It isn't,  
but comfort and efficiency are im-  
portant in every sport and are  
promoted by sensible attention to  
practical clothes.

Next to one's hat, the article most  
to be considered is sturdy,  
waterproof, double-sole boots,  
either plain or of the hip-high  
type. You are well advised to  
choose to keep the feet dry. Then  
there are wading sandals pro-  
vided with hobnails riveted through  
burs so that they cannot pull  
out. Nor should mention be om-  
itted of heavy brown canvas wa-  
ding shoes with hobnailed oak soles.  
These, unlike rubber boots,  
will not slip on slimy soil.

SANTA ANA MAN IS  
FULLY EXONERATED

A signed statement by Mrs.  
Mary Key, 153 East Thirty-fifth  
street, Los Angeles, has been pre-  
sented to Santa Ana police show-  
ing that Mrs. Key completely ex-  
onerates a Santa Ana man who,  
early in September, she said she  
had suspected of taking valuables  
belonging to her.

It now appears that Mrs. Key  
was not at all clear in her re-  
membrance of the name of the  
man, and in reporting the name  
to the police the name of a Santa  
Ana man, whose reputation is of  
the best, was drawn into the in-  
cident.

In order to clear away any  
doubt as to his connection with  
the incident, the Santa Ana man  
got a sergeant of police of Los  
Angeles to go with him to see  
Mrs. Key, and Mrs. Key immedi-  
ately said that she had never seen  
the man before and expressed  
regret that she had cast suspi-  
cion upon him, and voluntarily  
signed the statement sent to San-  
ta Ana police headquarters today.

tomobile while under the influence  
of liquor.

Attorney Milton Harvey asked for  
postponement of the hearing, say-  
ing that a communication on behalf  
of Robinson was expected from a  
Los Angeles banker, who had  
formerly employed the local man.  
"You'll need every bit of testi-  
mony that you can get, because I'll

case," Judge West warned the at-  
torney.

## GROWERS SHOW INTEREST IN WALNUT TOUR

Orange county walnut growers are showing special interest in an educational tour scheduled for Friday, October 16, for the purpose of visiting several dehydration plants in full operation, installed in local walnut groves. According to an announcement from the farm advisor's office, arrangements have been completed for visiting four plants, representing different sizes and makes of walnut dehydrators.

Prof. A. W. Christie, specialist in dehydration with the college of agriculture, who recently has been loaned to the California Walnut Growers' association for the purpose of testing out various types of machines, will be the principal speaker of the day. W. E. Hooper, walnut specialist of the college of agriculture, also will be present.

The tour will start at 2 o'clock at the Mabury orchard, corner of Fruit street and Tustin avenue, between Tustin and Santa Ana. At this place a four-unit dehydrator will be inspected and results of tests conducted by Professor Christie announced. Other places to be visited during the tour include S. W. Stanley's grove, Sixth and Glenn streets, Tustin; Charles Hal-

lett's grove, corner of Main and Lyon streets, Tustin, and the E. C. Conger plant, Olive.

All walnut growers are invited to join the tour and hear authentic and unbiased reports on walnut dehydrations by specialists who have studied this new method of walnut curing.

Attorneys in the case of Rex Harris against the Griffith company, involving a claim for \$45,500 damages, were today driving home their argument to the jury.

Preliminary summing of the case late yesterday was followed by closing argument today. Shortly before noon, Superior Judge R. Y. Williams started charging the jury.

Attorneys C. N. Mozley and L. A. West represent Harris in the case. Norman Sterry and Joe C. Burke, of Los Angeles, appearing as counsel for the Griffith company.

Harris sued because of the death of his wife, Alice Harris, who was fatally injured in an automobile accident at the intersection of Garden Grove road and West Seventeenth street. Harris contends that the wreck was caused by an obstacle left on the highway by the defendant company, then engaged in paving Seventeenth street.

## ANNOUNCEMENTS

The weekly bridge party and buffet supper for members of the Santa Ana Country club will be held tonight at the clubhouse starting at eight o'clock. The supper, which is optional with the guests, will be served in the grill room which will remain open until midnight.

Much interest for musicians attaches to the announcement made today that John M. Williams, well-known composer and music educator of New York city, will give a complimentary lecture to musical folk of this city, at the Ebell auditorium next Wednesday morning, October 14 at 10 o'clock. Mr. Williams is the originator of a special system of normal training for teachers of pianoforte and devotes much of his time to lecturing on the subject. He has just closed a 20,000 mile tour which took him to nearly every large city of the United States.

Advancing the theory that professional teachers should keep abreast of all developments regarding musical education and foundational training of beginners, the composer-lecturer has chosen for his talk in Santa Ana, the theme of "Musical Education of the Child." Anyone interested in such work is extended a cordial invitation to be present. Among musical works of the speaker, are many pianoforte compositions, considered invaluable as teaching material in work with children.

At the Sunday evening services of Richard Avenue M. E. church, the usual sermon by the pastor, the Rev. H. G. Burgess, will give place to a pageant to be presented by nearly a score of the children of the Sunday school under the direction of Mrs. William S. Kellogg.

"The Children of Capernaum" will be the offering and among the characters represented will be the small lad with the loaves and fishes. The pageant will be presented at 7 o'clock.

The Alamitos P.-T. A. will hold a neighborhood meeting at the schoolhouse tonight at 8 o'clock. Mrs. Edmund Snow, of this city, county president, will give an address on "The Past and the Future of P.-T. A." All parents and others interested are urged to be present.

## Recently Wedded Pair Are Complimented At Gift Shower

The recent marriage of Miss Alma Graham and G. F. Fontana offered opportunity for a little group of friends of the happy young people to compliment them with a surprise party and shower Wednesday evening at their suite in the Biltwell apartments on South Main street.

The bride's sister, Miss Stella Graham and Miss Irma Chance planned all details of the surprise for which the guests assembled at the apartment house in the early evening. Little Miss Willodean Ivie, daughter of Mr. and Mrs. Carl Ivie of Fullerton, led the party by dashing in the door, calling merry greetings.

With her she bore a large box filled with handsome gifts in a wide variety and surrounded by a dainty wee bride. After the surprised hosts had examined the many pretty articles which the box contained, the remainder of the evening was devoted to friendly chat and games. At a late hour ice cream was served with two delectable cakes, one a bride's cake and the other for the groom.

Mr. Fontana and Miss Graham took their friends completely by surprise when their wedding was announced, the only ones in the secret being Miss Stella Graham and Miss Chance, who accompanied the young people to the parsonage home of the Rev. Wilbur H. McPeak, pastor of the United Presbyterian church, where the ceremony was performed Saturday evening, October 3.

The bride wore a smart little frock of dark blue Poirer twill with which her hat and other dress accessories harmonized. Immediately after the ceremony, Mr. and Mrs. Fontana left for Riverside where they spent the week-end, returning to Santa Ana early this week and taking possession of the attractive apartment where their friends greeted them Wednesday night.

Those enjoying the surprise party and shower were its originators, Miss Stella Graham and Miss Irma Chance, Miss Adelaide Eickholt, Miss Dorothy Eickholt, Miss Dorothy Seales of Fullerton, Miss Dorothy Wilson, Miss Esther Houchens, Miss Clemma Scott, Mrs. Bee Wagner, Mrs. Fred Houchens, Mrs. Mabel Roy, Mr. and Mrs. Toy Hanley of Orange, Mr. and Mrs. Carl Ivie of Fullerton and their three little daughters, Pauline, Catherine and Willodean Ivie.

## Bride and Groom Have Party Planned in Their Honor

Mr. and Mrs. Harold Johnson whose marriage was an event of Monday, October 5, in Riverside, were made guests of honor last night at a merry party planned by the bride's former business associates at the Pennant cafe on Main street where, as Miss Elsie M. Wheat, she was a valued employee.

The home of Mr. and Mrs. Otto P. Peterson at 1001 West Sixth street, was the scene of the party and Mr. and Mrs. Johnson were asked as dinner guests of Mr. and Mrs. Peterson, that their presence might be assured at the affair planned to honor them.

The surprise was complete when the merry guests arrived, and a most happy evening followed. Mrs. Johnson's fellow-employees presented the happy couple with a handsome casserole and a set of crystal goblets while her employers gave them a fine electric coffee percolator. Other attractive individual gifts were also given the young couple for use in their new home.

Late in the evening the guests were asked to the dining-room where they found a beautifully appointed table, which called forth many compliments on Mrs. Peterson's artistic ability. A great wedding cake which formed the centerpiece, was surrounded by a wee bride and groom. Garlands leading from the cake, ended at each place with cunning little Kewpie dolls which formed favors for the guests. The wedding cake was served with ices and other dainties, to the guests who included in addition to the honored pair, Mr. and Mrs. Harold Johnson, Mr. and Mrs. Beverly Woods and son, Beverly Jr., Miss Esther Neweg, Mr. and Mrs. Charles Doak, Miss Mariam Lonsford, Mr. and Mrs. Arthur Brady, Mrs. J. W. Ridley, John Pierson, Miss Helen Benthien, Mrs. Bertha McKague, Mr. and Mrs. Paul Hall, all of Santa Ana, Miss Eva Lake and Ira Stout, Garden Grove.

## DICE EPISODE IS BARRIER IN COURT BATTLE

An attempt by H. Callas, Fullerton cafe owner, to collect \$10,125 damages from Glenn Callan, owner of another cafe, and a star baseball player, because of a beating Callas claimed he received in a Fullerton hotel room, collapsed today in Superior Judge Z. B. West's court. It was shown that Callas did not come into court "with clean hands," having been involved in a gambling game when the beating was administered.

Callas claimed that Callan, with Joe Burgess, a friend of Callan, and two others, set upon him in the hotel room, knocked him cold and then robbed him of several hundred dollars, leaving him unconscious in the room.

Under cross-examination, Callas suffered a loss of memory concerning his errand in the room. Attorney Sam Collins, representing Callan, could elicit no information as to why Callas had gone there. Even Judge West's questions developed only that somebody had produced a deck of cards and some dice. Callas said he had refused to enter a game and then was knocked out by Callan. The plaintiff spoke only in monosyllables and appeared to be guarding his tongue carefully.

Callan, however, was less reticent. He said he and Burgess and a man named Thorpe, had been in a cafe at Fullerton on the night of St. Patrick's day, 1924, the date of the alleged episode. When Callas came in, Callas and Thorpe, he said, started shaking dice, and the proprietor of the cafe stopped them. Thorpe then invited everybody up to his room, and the four proceeded there. Thorpe and Callas resumed the dice game on the top of a bureau, said Callan. Burgess and Callan watched the game, which gradually grew more "blooded."

Finally there was a "pot" of about \$60 involved, and Callas tossed a winning number. But one of the dice, said Callan, was "cooked," leaning partly upon a hair brush. Thorpe and Callas argued over the matter, Thorpe demanding that both throw again. Callas swept the money into his pocket, refusing to throw again.

Then a scuffle started, Callas was hit, and Callan said he immediately left the room and went home. He hadn't seen Callas hit, though he thought he knew who hit him, he said. Callan denied, however, that he had participated in the game or in the fight.

Without hearing argument from counsel, Judge West immediately gave judgment for Callan.

Officer V. F. Mohn referred him to the city attorney.

## STATE PHYSICAL TRAINING CHIEF TO SPEAK HERE

Advantages of physical training in schools to the student will be explained by Dr. Herbert D. Stoltz, state supervisor of physical education, in an open meeting in the Santa Ana Polytechnic High School auditorium at 7:30 tonight.

Parents and townspeople were invited to attend by D. K. Hammond, principal of the high school.

A discussion of the need of adequate physical exercise for students will be given by Dr. Stoltz in his talk. Phases of training often held of no import will be explained.

The talk has been scheduled for the first of the city teachers' institute meetings. Besides speaking before the teachers' institute, Dr. Stoltz is to appear before the physical education directors of the city this afternoon and later meet with the city board of education to work over the plans for the new \$100,000 gymnasium to be erected at the high school.

## LEGION PLANS FOR ARMISTICE DAY PROGRAM

All future commanders of post No. 131, American Legion, will automatically become members of the post's executive committee at the expiration of their terms in office and will serve for one year, according to an amendment carried by vote at last night's semi-monthly meeting of the Santa Ana post.

Approximately 100 ex-service men attended last night's meeting, held in the Legion home, on Birch street. It was the first meeting presided over by G. K. Scovel, new post commander.

Plans for the Armistice day celebration to be staged in Anaheim this year, by all posts in the county, were discussed and it was announced that the local post had mailed out a number of letters to local business men, asking them to place floats in the parade, with an idea of making this year's celebration the largest in the history of the American Legion in Orange county.

The local post will have a float in the parade and will play a prominent part in the celebration, Commander Scovel promised.

A string band was the entertainment feature of the evening and jokes on various members, who attended the state convention at Catalina several weeks ago, were told. As a result several were fined.

A motion calling for one social meeting of the post each month, and one business meeting, met with the hearty approval of the members, who unanimously decided to make the second meeting each month more of a social affair, the meeting to begin with a banquet, served by the women of the American Legion auxiliary.

The first meeting each month will be strictly business, it was decided.

## TUBERCULOSIS TRUTHS ARE TOLD COUNTY ORGANIZATION BY MONROVIA SPECIALIST

By OLIVE LOPEZ  
Stressing the fact that Orange county boasts of being one of the richest counties in the country, and that through the diagnostic chest clinics, which he has conducted here, he has ascertained that there is much tuberculosis throughout the county, Dr. E. W. Hayes, tuberculosis specialist of Monrovia, made an eye-opening address to a small company of interested listeners, members of the Orange County Tuberculosis association, at the regular meeting of the organization, held last night in the hall of records.

Dr. Hayes said that tuberculosis despite general belief to the contrary, is the most curable chronic disease there is. He urged a preventorium for Orange county, and said that the proposed tri-counties tuberculosis sanatorium would be "putting the cart before the horse," and would accomplish nothing but to give care to those in the last stages of the dread disease.

The specialist, who was himself once a victim of the dread disease, urged a campaign for education of the public be carried on and the people shown what may be accomplished and how. He declared that the general public does not realize the menace, even in Monrovia, which owes its growth through the coming there of persons seeking recovery. Many business folk there

came on stretchers, he said. Field workers are needed to ferret out cases, as does Mrs. Amelia Meagher, executive secretary of the Orange county association, and take them to medical men to pass upon and take an interest in their cure, the specialist said.

Upon the other hand, physicians must be men who study the disease and who are able to make the proper diagnosis and specify treatment. They should be able to recognize the disease in its early stages and study the treatment of it, according to Dr. Hayes.

Before the war very little was known of the disease he said, but now physicians are better able to cope with the affliction. Many cases of tuberculosis in adults are due to childhood infection, an infection late in life is rare. Many families do not realize the situation, especially parents, and the physician recalled cases coming to him with colds, where he has found great cavities in the lungs, these unconsciously infecting their little ones, whom the specialist also was fighting to save. He urged that persons with heavy colds, coughs and other dangerous symptoms, treat them as potential cases until they ascertain differently. Even in open cases, there is little danger if the public is educated.

Dr. Hayes declared that there are two sources of infection: first, through the sputum. He said that persons should cover the mouth when coughing or expectorating and burn all cloths, paper or cups used. The second source cited was the tubercular cow. This menace, he said is rapidly being done away with through inspection and pasteurization of milk.

The speaker made the significant statement that practically every one has tuberculosis, but that it becomes active only when resistance breaks down. The cure is brought about by building up the body tissues. The disease is hard to distinguish in children, who, when underweight, malnourished or showing symptoms of breakdown, should be placed in preventorium or health camps or be placed in nutritional classes in school, the specialist said.

One of the great needs of the country, in Dr. Hayes' opinion, is preventorium. Children need 24 hours of supervision. The little ones should be educated in hygiene and sanitation and then should carry these lessons home to the family and the world in general. Then they need follow-up care and nurses should keep tab on them and check up from time to time.

Los Angeles has graduated from the summer health camp and now has a fine permanent preventorium, as has also Pasadena and San Diego. The speaker said that Orange county has made a fine start, having conducted a health camp for two summers, but he said that there are many potential cases of tuberculosis, and there is great need for a permanent institution. If children are taken in hand before they are 15 years of age, they can become well and stay well.

The great trouble is that physicians get cases in the last stages. It is costing Los Angeles county \$5000 or \$6000 a day to care for these persons and this is putting the cart before the horse, he added.

Dr. Hayes told the story of getting the Kiwanis club, in Monrovia, to stand behind the prevention program, the motto of that club being "We Build." The public is open to conviction he exclaimed, and when its eyes are opened, purses will expand and the local problem can be handled with wonderful results.

The specialist comes from Minnesota, where there are 15 county sanatoriums. He said that no state is doing more to stamp out the disease than Minnesota and that the same can be done here, if local interest can be aroused to the startling state of affairs through a proper system of propaganda.

Dr. Hayes urged his hearers and citizens in general to visit preventorium and see how the program of building up little bodies is accomplished. In San Diego two society and clubwomen sold the idea to the people and put over the project, and in Pasadena the accomplishment of the institution was practically the work of one society woman. Get the women interested and behind the work, he said, and you are assured of an institution to take care of boys and girls, who have every right to good health.

# PROGRAM FOR SESSIONS OF P.-T. A. READY

P.-T. A. workers from all parts of the county, including the rank and file of local associations, will assemble tomorrow in the Fullerton Women's (Ebell) clubhouse, Fullerton, for the annual general fall meeting of the fourth (Orange county) district of the California Congress of Parents and Teachers.

According to Mrs. Mary B. Robertson, chairman of the district publicity department, an unusually interesting program, including an address by Mrs. Hugh Bradford, of Sacramento, state president, has been prepared for the occasion. Another speaker listed on the program is Assemblyman Samuel C. Hartman, of Fullerton, who, as chairman of the assembly committee on education, took a prominent part in handling legislation sponsored by the P.-T. A. and other organizations interested in educational progress and child welfare.

**Juvenile Worker to Talk.**

The subject of juvenile delinquency and its contributing causes will be discussed by Leroy A. Warren, chief county probation officer, who has charge of the juvenile department.

A record attendance is expected for the meeting, which, in addition to the district officers, will be attended by officers of the Santa Ana city federation, headed by Mrs. Fay R. Spangler.

Reports of special committees, including the fair committee and district chairmen, will occupy a part of the proceedings.

**To Discuss Child Welfare.**

According to reports current in P.-T. A. centers, measures relating to child welfare, particularly those relating to care of undernourished children, will be discussed on the floor. Juvenile problems and their contributing causes are other subjects that will receive attention from the workers.

Hope was expressed today that Dr. Lilla Beebe, newly appointed chairman of social hygiene of the state health department, and state chairman of child hygiene of the California Congress of Parents and Teachers, will be present at tomorrow's meeting. Dr. Beebe is a nationally known authority on child welfare and has taken an active part in all activities of this nature.

## Capital Letter

WASHINGTON, Oct. 8.—Congress will consider the advisability of having the nation finger-printed. Police Commissioner Enright, of New York, proposes it. He wants the government put in charge of the job and would have the prints kept on file by a national police bureau in Washington.

It would be an easy way, he says, of enabling the authorities to keep tabs on the citizenry, sometimes to its advantage and sometimes otherwise, depending on how it behaves itself.

Such a system already exists in Argentina, where it works well, Enright adds.

Very true, only the system isn't confined to Argentina. It prevails in several South American countries and some American countries and some European ones.

It's a fact, however, that the Argentinians have developed it very scientifically—and tactfully, too, or the people mightn't like it so well, for at first thought there's something distinctly disagreeable about the idea of being finger-printed and mugged.

As the Argentine authorities put it, the finger-printing is for the printers' own convenience and by no means as a police precaution, although the police do the printing.

It isn't compulsory, so far as the law is concerned, but practical business considerations have made it very nearly so. Indeed, the police make a small charge—a dollar or two—for doing the work.

In return for this fee a 4-by-6 inch slip of parchment is issued to the applicant, bearing a brief history of his life, his address, signature, photograph and right thumb print, with the police chief's certificate that he has investigated all these details and guarantees their accuracy.

The whole thing folds into a neat little red leather vest-pocket-size booklet, and is known as a "cedula de identidad," or identification ticket. A corresponding record is kept at police headquarters.

Bad characters can't get these books. So possession of one is a recommendation in itself. The bearer can identify himself—for instance, at strange banks—any-

**STOMACH TROUBLES ARE DUE TO ACIDITY**

Tells Safe, Certain, Speedy Relief for Acid Indigestion

So-called stomach troubles, such as indigestion, gas, sourness, stomach ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive acidity of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bismarck's Magnesia, a good and effective corrector of acid stomach, should be taken in a glass of water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bismarck's Magnesia, which can be obtained from any drugist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial stimulants. Bismarck's Magnesia, in its natural form, comes in several forms, so be certain to ask for the only Bismarck's Magnesia, which is especially prepared for the above purpose.

## LOS ANGELES the Once Over

**EIGHT MEMBERS OF CITY COUNCIL VOTE TO GO AHEAD WITH CITY HALL PLANS.**—Eight members of the city council cast their ballots in favor of proceeding with the completion of the final plans and specifications for the 430-foot city hall building, proposed by Architects John Parkinson, John C. Austin and Albert C. Martin. The vote was an informal "straw" ballot called for by Councilman Hall, as chairman of the City Hall's Civic Center Committee, after the architects had presented, and filed, in writing, cost estimates declaring that the 28-story building they have designed can be built for \$4,559,000.

"Cedula," being so much a habit, are in constant requisition, even in cases where absolutely certain identification isn't of much importance.

The point is, however, that the individual who is asked for one and can't produce it is regarded as a nuisance immediately.

The Argentine police, no more honest in other respects than the police anywhere else, seem in corruptible so far as "cedulas" are concerned. At any rate, they almost never get into wrong hands.

**LOUISIANA'S HOPE**

BATON ROUGE, La.—The small head-eyed muskrat may yet make Louisiana one of the richest states in the Union. Last year residents along the gulf coast sold 1,000,000 muskrat pelts for \$1 each. Now the department of agriculture has employed a naturalist to see what he can do in making this new industry permanent.

**RECOMMENDS FLIRTING**

CHICAGO—Nine out of 10 eyes need exercising, and flirting is about the best exercise there is, according to Dr. T. L. Stein, here. To prove his theory Dr. Stein asks, "Who ever saw a flirty flapper wearing eyeglasses?" Flirting makes the eyes more expressive and more mobile, says Stein.

**SCIENCE CAN'T TELL**

WASHINGTON—In most all rivers of the United States may be found the eel. Yet the eels are not spawned in the rivers, but far out at sea. How the young eel finds its way from the ocean to the mouth of the river, and then up stream for thousands of miles is one of the mysteries of science.

**CITY FILES APPLICATION FOR RIGHT TO DEVELOP DAM SITE.**—An application for the right to develop approximately 100,000 horsepower of hydroelectric energy at a dam to be constructed across the Colorado river just north of Parker has been filed with state and federal authorities by the municipal bureau of power and light. It was learned yesterday. The project covered in the power bureau's filings is known as the Parker power project and is situated 160 miles down the Colorado river from the site of the proposed Boulder Canyon dam, and approximately 230 miles east of Los Angeles.

**WATER RATES TO BE INCREASED 33 PER CENT NOVEMBER 1.**—Water rates in Los Angeles will be increased 33 per cent on November 1 as the result of action taken yesterday by unanimous vote of the city council in approving the request for the increase made by the water and power commission and by the adoption of the necessary ordinances to place

the new rates in effect. The water and power committee, of which Councilman Criswell is chairman, recommended that the board's request for higher rates be granted on account of the provisions of the new charter requiring the water department to pay from revenues all interest and sinking fund charges on water bonds, including district bond issues.

**TWO LOS ANGELES REAL ESTATE BOARDS PLAN TO MERGE.**—Officials of the Los Angeles Realty Board and the Southwest Realty Board announced that the two organizations will be consolidated about January 1, 1926, the southwest board to be known hereafter as the Los Angeles Realty Board-Southwest branch.

Realty men yesterday said that this action confirms the principle of the National Association of Realty Board that there be but one board to a city.

The announcement of the consolidation came after a proposal had been made to the Southwest board by the Los Angeles Realty Board's governing committee. The proposal with a few minor changes was unanimously adopted by the Southwest board at a recent membership meeting.

PREDICTS BIG REAL ESTATE ACTIVITY FOR COMING YEAR

Culver Tells State Association at Fresno 1926 Business Will Be Brisk

Ovation Is Given SANTA ANA SPEAKER

Address by Bloodgood on University Courses Is Pleasing to Delegates

By HORACE FINE  
FRESNO, Oct. 9.—The bustling activity in business and real estate of two and three years ago is coming back in 1926, Harry Culver, builder of Culver City, near Los Angeles, told realtors of the state gathered here at the 26th annual convention of the California Real Estate association.

Pointing out that the vast possibilities and the wonderful advantages of this state were such that population increase would continue even more rapidly than in the recent "boom days," the successful builder of Culver City advised realtors, property owners and business men to prepare for the resumption of an era of unusual prosperity.

The statement was made during a discussion on the subject of salesmanship, in which he emphasized the value of work by realtors.

Supported by Rail Man

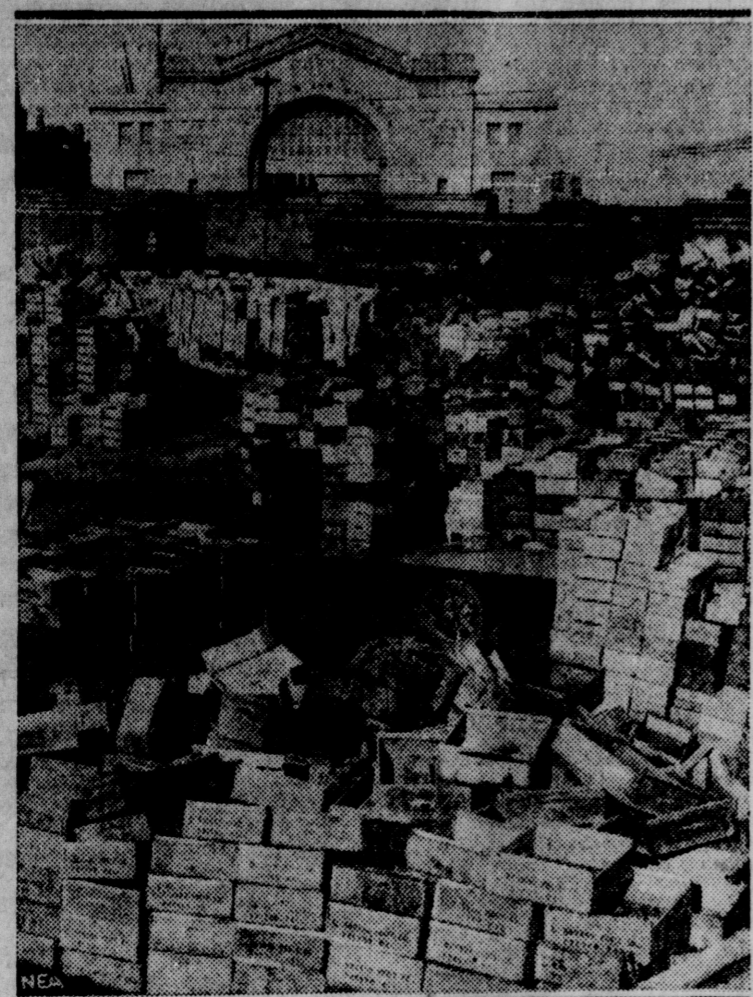

The declaration by Culver as to the future of this state was supported by C. R. Smurr, industrial agent of the Southern Pacific railroad, who asserted 85 per cent of the crude materials necessary to manufacture every article manufactured throughout the world can be obtained on the Pacific coast, and stressed the possibility of wonderful industrial development along the California section of the Pacific coast.

"With these wonderful resources at your doors, it looks as though Divine Providence had destined this west coast of ours to become the industrial center of the world," Smurr said. "The consummation of the dream of this industrial empire will be effected at a much earlier date if we can secure the co-operation of all interested parties."

"This can be done by giving to the world a concise and accurate picture of the possibilities that exist for them to lay a foundation for a healthy and prosperous

PROHIBITION ERA BRINGS BIG DEMAND FOR GRAPES

A day's shipment of grapes being unloaded in San Francisco. Before prohibition, they brought in the neighborhood of \$10 a ton. Now the price ranges from \$60 to \$100 a ton and the demand for the grapes is getting bigger every year.

MAIL BANDITS' CAR SOUGHT BY S. A. OFFICERS

Santa Ana police last night were asked to watch all roads leading into the city from Los Angeles for a bright red automobile containing six men, who at 11 o'clock last night held up and robbed a mail truck in Los Angeles, escaping with six sacks of registered mail.

The robbers held up the driver of the mail truck and two guards, using sawed-off shotguns in the holdup. They immediately entered the red car and started south. The holdup occurred within two blocks of the Santa Fe station.

That the car may possibly be the one that was used in the sensational holdup of the Santa Fe train here on the night of August 24, when the express messenger was shot and killed, is the theory advanced by

railroad detectives who are working on the case.

Three of the men who staged the holdup last night are thought to be Mexicans, according to a description furnished to local officers. This information was obtained from the guards who were held at gun's ends and who heard the men talk. The driver of the car was said to be about 40 years of age, and weighing approximately 190 pounds. He was six feet tall. All of the other members of the gang were young men, the report said.

Roads were guarded here last night until daylight today, but no report of seeing a red car filling the description of the bandit car was made.

BIRDS IN MAIL BOXES

Messer says the boxes have been taken by vrens to build nests in, and that until the farmers find other places for the birds' nests they will just have to kick as he does not care to run a bird off the nest every time he puts a letter in.

LEGION WOMEN ALUMNI BODY TO AGAIN SELL KELLOGG FOODS

Percentage Made on Sales Will Be Used to Swell Auxiliary Welfare Fund

American Legion auxiliary members stop at nothing when it comes to earning money for their welfare fund to help the disabled men and women of the World war.

More than \$100 was earned by members of the auxiliary at the ice cream and milk booth which they maintained at the county fair, and now a dozen or more of the members are getting out their husbands' overseas caps for use tomorrow when they will endeavor to go "over the top" in a whirlwind sale of Kellogg products in the various stores and markets of Santa Ana. The Kellogg firm gave the auxiliary a similar opportunity early in the summer and it proved so successful with the merchants and public, as well as the auxiliary, that a second venture was proposed by the company.

Mrs. Helene Nelson, chairman of the ways and means committee of the auxiliary, is in charge and those who expect to assist in the sale are asked to communicate with her, phone 1223, as soon as possible so that they may know in which store they are to work. They are instructed to beg, borrow or appropriate some ex-service man's overseas cap, and Mrs. Nelson will give each an American Legion auxiliary ribbon to be worn on the cap.

The auxiliary earns a fair percentage of the price of the Kellogg breakfast food combinations, which are to be offered for sale tomorrow, and those who like breakfast foods are asked to look for the girls in the overseas caps and help them swell their welfare fund.

The following members will be at the service of Santa Anans all day tomorrow:

Mrs. Helene Nelson, Nora Lykke, Edith Schanell, Lela Baird, Mary Crissman, Fannie Reeves, Theo Winbiger, Barbara Wagner, Bernice Dickey, Julia Magill, Helene Nelson and Florene Robinson and the Misses Louise Tubbs and Jessie Johnson.

HEAVY EATERS READ!  
MOSCOW—A scientist here claims to have discovered a "hunger center" in the brain, which controls the appetite, and which proves that hunger is not in the stomach but in the head. He states that an injury to the "center" may create an abnormal appetite, or it may kill any desire for food.

FRENCH WAR BRIDES IN U. S. NOT ALL FAILURES

Mrs. Marguerite Godard, French war bride, who disproves the stories that the Franco-American war marriages have been unsuccessful.

Here's One Overseas Girl Who Has Not Retreated From America

OAKLAND, Oct. 9.—What is happening to the French war brides in America? Aren't they getting along in America? Stories tell of the retreat of the war brides, back to France, but—

Let Mrs. Marguerite Godard tell you. Mrs. Godard, herself married in Paris to an American dough-boy, resents the tales of unhappy Franco-American marriages.

"When the two are really fitted for each other, I believe the French and American combination makes for the happiest of all marriages," declares the pretty girl.

"Where the marriages have proved poor ventures, it was nearly always a case of the couple being on different planes in their private life. If the American boy was wealthy and intellectual and the French girl was poor and uneducated or vice versa, their married life naturally has not been successful. But that is not because of the difference in nationalities."

NEED OF NEW LIBRARY HERE SET FORTH IN BOARD REPORT

Adequate Room Should Be Provided to Take Care Of Demand, Is Assertion

33,455 BOOKS ARE NOW UPON SHELVES

Statistics by Librarian Disclose Growth Since Building Was Erected

Impressive arguments for a new library building of sufficient dimensions to not only properly house the present equipment, but provide adequate room for needed extensions, are set forth in the annual report of the Santa Ana Library board. The report of the board is supplemented by a detailed report prepared by Miss Jeanette E. McFadden, city librarian, showing the various activities of the city library, including figures bearing on finances, circulation and registration.

Excerpts From Report.

The report of the board for the year ended June 30, addressed to the city council, follows in part:

"The receipts from taxes, fines, reserve book collection, cash and balance from previous year amounts to \$29,871.92. Of this amount, \$7819.95 has been expended for new books, periodicals and the rebinding of old books. The annual running expenses of the library, including salaries, supplies, fuel, light, furniture and fixtures, lighting district, expense, etc., have totaled \$16,052.04.

"The total number of volumes added to the library was 3608. The loss sustained by wear, loss of books, etc., totaled 1019, leaving a net gain of 2589 volumes and making a total of 33,455 volumes in the library.

203,354 Books Circulated.  
"The total number of books circulated during the year was 203,354, an increase of 19,978 over the circulation of last year. The circulation of children's books was 56,925, an increase of 10,303 over the circulation of last year, while 31,681 volumes were circulated from the branches.

"We moved into the present building in 1903 and our circulation for the year 1903 was 29,057, in 1924-5 the circulation was 203,354, very nearly an eightfold increase. This means that the business has outgrown the building. Not only are three public school buildings being utilized for distributing points, but we have been compelled to remove the children's department to the Mercantile building on Fifth street, opposite the library.

"In order to meet the ever increasing demands upon the library, it will become imperative for us in the very near future to ask for a bond issue.

"In reviewing the year's work, if we may judge from the increase in circulation, the large number of books that have been worn out and discarded through constant use, the extensive use of our reference room, the requests for information on various subjects, received by phone, not only from the city, but surrounding country, certainly proves that there is a great increase of interest in the public library.

"Our citizens are realizing as never before what the public library has to offer them. Considering that we had but 71 cents per capita for maintenance this past year, we are proud to record a high proportionate service to the public, but without more room at the main library, we cannot hope to reach our full usefulness because we are striving to

## Benefit Dance Well Attended

HUNTINGTON BEACH, Oct. 9.—More than 200 persons attended the first social party held Tuesday night under the auspices of the Woman's club. The affair was held in the local dance hall.  
Mr. and Mrs. R. L. Obar, Mr. and Mrs. W. D. Young, Mr. and Mrs. T. B. Talbot and others served on the reception committee.  
The proceeds of the dance will be placed in the building fund of the organization. The fund now contains several hundred dollars. It was started about a year ago.

## Westminster

WESTMINSTER, Oct. 9.—Westminster Parent-Teacher association met in the school house Tuesday afternoon for the first time since the opening of the fall term with a large percentage of members present. Mrs. H. B. Anderson, the new president, presided.  
Miss Agnes Dunn, school nurse, was present and spoke to the parents regarding the children's lunches, advising them not to give the children money with which to buy food, as oftentimes they buy candy and other things instead of wholesome food.

Miss Irma Payton's class sang a pretty autumn song. By-laws were read and accepted, since up to this time, the organization has not had a set of laws. A reception will be given the teachers at the next meeting, which will be the first Wednesday of the month instead of the first Tuesday. A large number of the members plan to go to the meeting Saturday at Fullerton in the Ebell clubhouse. A committee was appointed to see the school board members about what help the P-T-A. could expect from them toward improvements in the school. With an enlarged enrollment of pupils, and numerous entertainments, a larger stage is a necessity, it was pointed out.

Mr. and Mrs. Walter Hamline, of Fullerton, visited Mr. and Mrs. Chas. Sigler, Wednesday morning. Electric current was turned on Wednesday in the Baxter, Baker and Eder homes just northeast of Westminster.

Mrs. Ralph Baxter, chairman of the hospitality committee of the Rev. R. A. Weld's class, is planning a social affair for the class for one evening next week.

Mr. and Mrs. Fred Basse and children were dinner guests Tuesday evening of Mrs. Rose W. Stake-miller in Long Beach. After the dinner all attended a theater. Carpenter work on the A. C. Snow building is almost completed. The store is to be the open-front type. The painting will be begun this week.

## Stage and Screen

### YOST THEATER

Five acts of high class vaudeville and the Thomas Meighan picture, "The Man Who Found Himself," are offered at the Yost theater here tonight and tomorrow.  
Bennie Nawahi, featured ukulele player with Radio KKH, The Times, headlines the bill. He is one of the best known ukulele entertainers in the game.

Using a silver arch, something new to vaudeville, the Aerial Lancers present a turn on the horizontal bars that is a revelation.  
Early and Laight offer a high class comedy act entitled "Memories." Eddie Martin, long a stage favorite, appears with several fine character dances.

The Clinton Sisters have been a standard Orpheum and Keith act for a number of years and are now offering to the public an act with six people that is "somewhat different." Their dances are always original and their aim is to bring originality before the public. This is the secret of the girls finding Mr. Mendelsohn and the quite famous Kazoo Kings. Mendelsohn has been featured in New York production and is versatile to the extent of being able to render a ballad and step right into a good Charleston or buck dance while the Kazoo Kings were born in the jazz age with an originality all their own.

In "The Man Who Found Himself," Thomas Meighan as vice-president of his father's bank in a small Hudson river town, is suspected of having taken a considerable amount of bank funds for his own use. A rival banker puts the examiners wise. Result: a two years' vacation "up the river" for the star.

By frustrating an attack on one of the guards, Tom is made trustee, and he takes advantage of his new position to make his escape when he hears that "the girl back home" is to marry the man who sent him to jail through trickery. So out he went, while prisoners peering from the barred windows high above the courtyard wondered just how far they'd really get if they tried the same thing.

Virginia Valli is Meighan's leading lady in the production which was adapted for the screen by Tom Geraghty. Frank Morgan, prominent figure on the Broadway stage, is Tom's rival in business and love. Others in the cast include John Harrington, Norman Trevor, Charles Stevenson, Julia Hoyt and Lynn Fontanne.

### WEST COAST-WALKER

Opening today at West Coast-Walker theater is a big double program consisting of five acts of high-class vaudeville and a feature picture, Fred Thomson, and his wonder horse Silver King, in "Ridin' the Wind."

Carol Webb and company offer Southern melodies and fast dancing. Miss Webb has a voice and style that is suited to the crooney melodies that she sings. On her present vaudeville tour she has included three colored boys who vie with each other for dancing honors. Their interpretation of the ever popular "Charleston" is said to be nothing short of a sensation.

Brown and Gardner are a team of laugh dispensers that keep the audience in a constant uproar. Marshall and Shannon in "Bursts of Melody" present a somewhat different oddity. It is an unusual musical novelty of a pianist and xylophonist. Both are accomplished artists in their line and they are bound to please with their musical and vocal selections.

Few acts possess more versatility than Weber and Ferris. Weber's forte is ventriloquism at which he is accomplished. His winsome partner is a clever musician, also proving a good foil for his comedy capers. The combination is odd, and is a happy addition to the program.

Feminine hearts are sure to be captured by Ray Elgin who is noted for his gown creations wherever he has played. As the "unusual prince" he certainly lives up to his billing.

You will enjoy many a thrill in Fred Thomson's latest drama of the open spaces "Ridin' the Wind," with Silver King, his famous horse. You will understand after viewing this dramatic story, something of the hold that the desert has on the hearts of men.

Completing the new bill is a Harry Langdon comedy "White Wing's Bride."

### WEST END THEATER

How often you read it in the newspapers!  
A mother deserts her child or gives it into the care of another woman.

And years later, latent motherhood bursts into a consuming flame, and the return of the child is demanded. Seldom, if ever, does the foster-mother yield the child she has learned to love as her own.

Bitter court battles are fought. The hate between the real mother and the foster mother is intense.

Not this situation exactly, but somewhat similar, is woven into "The Coast of Folly," Gloria Swanson's new starring picture, which closes at the West End tonight.

Nadine Gathway, young and beautiful society woman, deserts her handsome husband, leaving her baby in the care of "Nanny," the nurse. The baby, Joyce, grows up knowing only the protecting love of "Nanny," and the latter regards "Joyce" in the light of her own daughter.

From out of the shadows of the past comes the real mother, unable to resist the call of her own flesh and blood when Joyce becomes ensnared in a scandal.

The duel of hate between Nadine and "Nanny" is of brief duration. The hate is all on "Nanny's" side, but it has a tigress-intensity. It is snuffed out, however, by the splendid, self-sacrificing way in which Nadine comes to her daughter's rescue. This motif is only incidental to the highly dramatic plot of the story.

Miss Swanson portrays both Nadine and Joyce Gathway.

"The Coast of Folly" was adapted by Forrest Halsey from the immensely popular novel by Coningsby Dawson. Anthony Jowitt, Dorothy Cumming, Alec Francis, Lawrence Gray, Arthur Hausman and others appear in the strong supporting cast.

### WEST END THEATER

Producing "Winds of Chance," the picture opening tomorrow at the West End, Director Lloyd first confronted the impossibility of making his picture in the Klondike or upper Yukon regions of Alaska because of winter ice and snow, which made it impossible to penetrate the interior until May or June. Hence he had to look elsewhere for typical Alaskan scenery. Previous Alaskan pictures have been made in California and in the East, but Mr. Lloyd made all of the exterior scenes for his epic as close to the Alaskan border of British Columbia and Alberta as he could get. Research governed the selection of each location, and so accurately did Lloyd match the Alaskan scenes in his picture-making that he was guided by trees and foliage and even rocks and small details of natural terrain.

## Return Verdict In Death Case

HUNTINGTON BEACH, Oct. 9.—Mrs. Flora Scott, 75, who was found dead in her chair here early yesterday morning by her son, W. E. Grate, died from heart trouble. This was the verdict returned by a coroner's jury yesterday afternoon at Huntington Beach.  
The inquest was held at the S. L. Harrell undertaking parlors. Mrs. Scott, for the past 16 years a resident of this city, was apparently in good health. She was said to have fed the chickens yesterday morning, and was preparing breakfast for her son when she was found. Breakfast was still cooking.

### FIVE MILES OF EATERS.

LONDON—The world's biggest banquet took place here recently. The occasion was a meeting of the Freemasons of the United Grand lodge of Ireland. There were 8000 guests, seated at five miles of tables. Two thousand waitresses served the dinner, and these were directed in their work by a man, sitting high up in the roof of the building who flashed his orders with an electrical mechanism.

Gold! What was all the gold of her hair? Its fragrance went to his brain. The Countess Courteau stood like a goddess fashioned of snow and gold, of ice and fire. Still she surrendered her lips with the warmth of a being afire.

## "KERNELS" BY THE COLONEL

After days of loitering which have been ones of discomfort for motorists who have to cross Broadway, somebody has finally decided to repair the street. We take pleasure in announcing that the work is now being done.

The lighting system on Fourth street, the parking in the center of the street at the post office and the condition of Birch park all fade out in uncertain light when the condition of Broadway from First to Sixth street is considered.

The paving was torn up, new water pipes put in and then someone waited before putting the paving back.

Anyway, several little Fords got their hind legs caught in the muddy ditch in front of the Grand Central market the other day and it looked as if the owners would have to shoot their animals before they could get them out.

They wallowed around in the mire until they looked like so many razorback hogs in a trough.

Number One—Whatcha cooking in that pipe, Doc?  
Number Two—Whatcha mean? I've been offered \$35 for this pipe.  
Number One—Sell it, Doc, sell it; you can buy a range for that amount.

### CAN YOU IMAGINE O. A. Haley getting through a Kiwanis luncheon without being fined?

They say, "silence is golden" and it surely is for Haley, at Kiwanis luncheons, on the theory that "a penny saved is a penny earned." Kiwanians are fined, it seems, for certain kinds of talking.

But shooting off your mouth, when Haley does it, is also golden—for the Kiwanis "kiddie" fund.

And it is golden for Haley, too, for he enjoys hearing himself talk, as much as others enjoy hearing him, and especially he enjoys contributing to the "kiddie" fund.

Seen in Wednesday's Register: "Walter S. Gregg, of Orange, county aid commissioner, is being annoyed by a rich widow; several of them, in fact."

Walter should remember one thing—that the female of the species is more deadly than the male.

In spite of the drive for \$7000 for Santa Barbara relief now being conducted and rumors of another drive to raise funds to drag disabled cars from the center of the street at the post office, the fund being raised through this column to pay the 30 cent penalty levied against a Santa Ana attorney, who did not pay his city license on time, is coming along better than was expected.

Citizens have recognized the worthiness of the cause and we predict the quota will be reached on time.

## CLUB ACTIVITIES BEING ARRANGED

HUNTINGTON BEACH, Oct. 9.—Plans for activities of the Junior Woman's club were being arranged here today by Mrs. Lynn Robb, chairman of a special committee of the club. Mrs. Robb aided in forming the organization last year.

The Junior Woman's club was formed last year under the auspices of the local Woman's club. The membership is composed of teachers, stenographers and clerks of the town. More than 80 members enjoyed the social entertainments and party dances staged by the organization last year.

The young women were left without a president by the removal of Miss Leona V. Smith, to another city some time ago. Other officers of the group are expected to meet soon with Mrs. Robb and prepare for the opening meeting.

### Yorba Linda

YORBA LINDA, Oct. 9.—The Yorba Linda Chamber of Commerce held its first meeting since the summer vacation Tuesday evening in the Woman's club house with a fine crowd out to enjoy a splendid program.

A. L. Olinger, secretary of the Santa Ana Chamber of Commerce, was the speaker of the evening. A number of people from Kansas were present to greet Secretary Olinger, whose first secretaryship was with the Emporia, Kansas, Chamber of Commerce. Miss Marsh Vernon, president of the Woman's club, was one of the first members enrolled in the Emporia chamber. William Schumacher, supervisor of this district, promised immediate work on the tract roads. The grading outfit is already at work on Citrus avenue and work will begin soon on the south extension of Yorba Linda boulevard.

The dinner was served by the Yorba Linda Woman's club. Chas. A. Zellner and his niece, Mrs. Chas. Edwards, left Wednesday afternoon for Three Rivers, New Mexico. Mrs. Edwards has been here for the past six months for her health and goes home greatly improved. Mr. Zellner will return home shortly.

Mrs. C. O. Burnison left Wednesday morning for Kenton, Ohio, being called there by the serious illness of her mother.

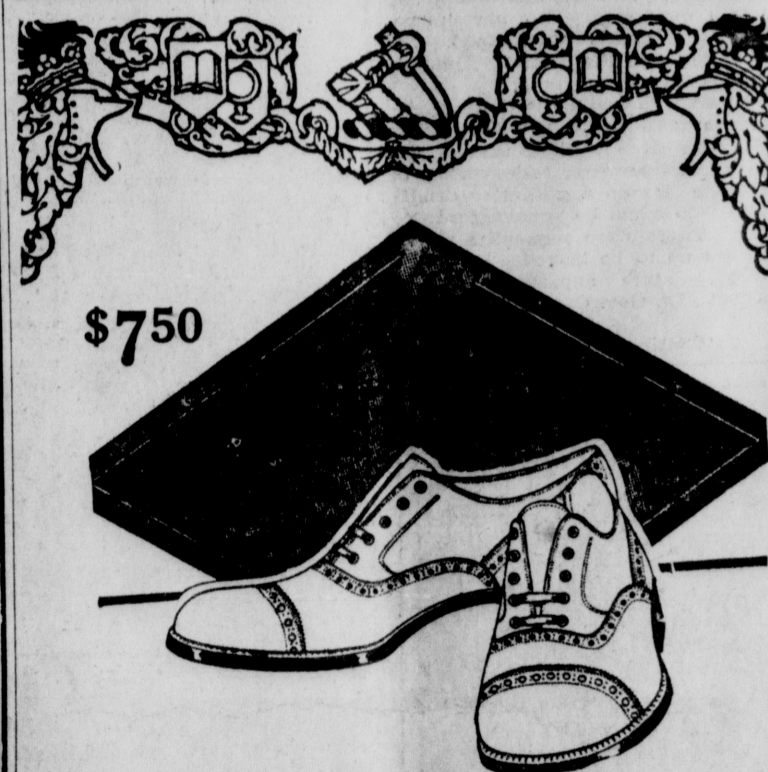

Vincent Murphy, former owner of Yorba Linda Mercantile store, was a business visitor Wednesday.

The Yorba Linda Parent-Teacher association held its first meeting of the new year on Tuesday afternoon in Mrs. Paine's room at the grammar school.

There were some 40 persons present. The business of selecting a new president was turned over to the executive committee as Mrs. J. F. Ingley, president feels unable to carry on the work this year. Mrs. Earl Morris, of Santa Ana, state chairman of education, gave

## Political Periscope

### EARLY STIR IN STATE OVER SENATORSHIP AND GOVERNOR

The old periscope, through which the Register's political eye has gazed upon many a political campaign in these parts, is getting restless.

"Let's wipe off the dust from the pepper end of this thing and see what we can see," said one news gatherer to the other.

Thus it came to be that the periscope was raised above the ramparts of the Register building.

#### Stir For Senator

It seemed necessary to put on the long-distance focus, for there seems to be a great deal more politics stirring just now in relation to nominations for United States senator and for governor than there is for all things else. In ordinary periods of political stress, you can get a lot more excitement locally over

a scramble for constable or supervisor than you can out of a mere race for United States senator. It may be too early for Orange county folk to get busy on its constables and other local offices, but, believe the periscope, comrades, it is not too early for the boys up and down the state to be laying dynamite fences for the frays that are less than a year ahead.

For instance, there is the little affair of the nomination of a United States senator by the registered Republicans of this, our dearly beloved state that rests restlessly by the western sea. There is quite a bit doing in that matter.

It takes no keen periscope to glimpse the tall, spectacular form of Sam Shortridge, out for re-election to the position he has held for these past five years. Sam has been out speaking at luncheon clubs, state picnics, county fairs and elsewhere where funny stories are told by prominent citizens. So far as the record goes, he has turned down no invitation to make a speech, and, mayhap, he has had friends who have hunted up a few dates for him.

There are at least three well known persons who are given consideration by various friends as likely to go against Shortridge for the nomination. Congressman Lineberger, a Long Beach man who is quite well known in Long Beach but who is not so very well known hereabouts, has put himself on to the race track and has said, "Boys, I'm here to stay, and you dare not do anything else than support me." That is, supposing he is talking now to the anti-Shortridge crowd. Lineberger figures that if Shortridge is to be licked, there must be just one man against him. To put two would give Sam a way the best of the lay.

But there are a lot of leading politicians who say that Lineberger alone or running in a field with a bunch has no show of being elected, and they see no reason why they should fall for Lineberger's bluff, if bluff it be. They figure that a strong Southern California man would trample Lineberger in to the dust and still have strength enough to overtake and shove Shortridge into the mud beside the slippery race track.

With this thought in mind, a meeting was held in Los Angeles last Saturday. The record shows that invitations were sent out to quite a number of residents of various Southern California counties. Among those present from this neck of the woods were Clyde Bishop, D. Eymann Huff and Dr. C. D. Ball.

Without attempting to go into the details of the gathering, the upshot of it was that Judge Robert M. Clarke, well and favorably known, was asked to become a candidate for United States senator. Clarke had been talked of before that. He had already declared himself as out and out for the Boulder dam and the All-American canal, without which a candidate these days would be as helpless as a candidate 15 years ago would have been without a box of cigars under his arm.

There is no doubt about Clarke's ability, his fitness and his vote-getting qualities. He is an orator, and knows public affairs. And from now on, if the periscope gets the angle, the real fight for the G. O. P. nomination for United States senator will be between Shortridge and Clarke.

Nothing further has been heard concerning the likelihood of Chester H. Rowell entering the race. Down his way it is believed that he won't run.

But remember this: Whoever gets the Republican nomination next August will likely have to run against James D. Phelan, Democrat, in November.

And that's nobody's race yet.

Something Doing, Sure  
We'll tip the old periscope toward the far distant Sacramento and elsewhere, seeking traces of the dust that is being kicked up by active participants in the race for governor. Gov. Friend W. Richardson is out for the Republican nomination. Everybody has known that for a long time. In this column, it seems unnecessary to say more. Economy is the watchword, the password and the battlecry, just as it was four years ago.

Those who would like to see Richardson tossed into the bottomless pit have been milling around for weeks and months, endeavoring to get together on a go-getter candidate who could be guaranteed to win. There were numerous possibilities up to be looked over. Will Wood, state superintendent of schools, Lt. Gov. C. C. Young, Neu-

## NEED FOR NEW LIBRARY HERE IS POINTED OUT

(Continued From Page 9.)

serve from most inadequate quarters.

"According to circulation records, 203,354 books were borrowed for home use during the year. This is an increase of 19,779 books over the circulation of last year.

Juvenile Department Grows. "In the children's department, the year has seen a substantial growth notwithstanding the crowded condition. The total circulation of books from this department was 66,925, of which 35,244 was from the main library and 31,681 from the branches and school deposits. This is a gain of 10,303 over that of last year.

"The library maintains three branch libraries. Our most recent branch was opened on February 1, in the Julia Lathrop junior high school. These branches are made possible through the co-operation of the board of education in providing quarters without cost.

"During the year, the library maintained deposits of books ranging from 50 to 250 volumes at Lowell school, Jefferson, Lincoln and the Catholic school.

"The desk room of any reference department is much the same from one year to the next, but at the end of any year one may generally recognize some dominant interest of the public, or some new policy of the department.

"During the year, the picture file has been transferred to the reference room. The collection of pictures has greatly increased as a result. Three hundred ninety-four pictures have been mounted and added to the collection.

Clippings Are Arranged. "The pamphlet and clippings have been arranged in a vertical file by subjects, giving a useful file of information on subjects of current interest that is easily accessible.

"More than 1200 questions were recorded in the little reference question book from Oct. 1, 1924, to June 30, 1925. Not all questions asked were recorded because of lack of time at the busiest period of the day. Then, too, many questions were asked that had been already looked up and only one count of the question was made.

"An effort for closer co-operation with the various clubs was partially successful. The clubs were asked to leave a copy of their programs for the year at the library. The references for the various topics were then to be listed so that the material could be assembled in a few minutes when it was needed. This plan worked very well in serving the clubs who left their programs.

"Special attention has been given to the reinforcing and recasing of new books. It is well known that the publishers' bindings on ordinary fiction and juvenile books result in a few issues. The Toronto method of book repairing has been adopted, and the recasing and mending of books by this method has proven to be a matter of economy, not only of time but money, and in a large proportion of such books, rebinding will not be necessary. By the use of this method, 607 books were recased at the library.

Unusually Large Registration. "The registration this year has been unusually large, but as we no longer carry expired cards on our

membership list; this tends to make our net gain small, but at the same time keeps our active membership up to date.

"During the year, the Santa Ana Register has continued publishing the weekly list of new books added to the library. In addition, there has been several columns of library news featured in the Register from time to time.

"The librarian realizes how much of the working success of the library depends upon the work of the individual and acknowledges with much appreciation all that has been done during the year by each one.

"To the board of directors, I wish to express my appreciation of the interest and desire to meet the needed requirements that have been presented to them the past year."

## POLITICAL PERISCOPE

(Continued From Page 12)

Miller of Stockton, Internal Revenue Collector Rex Goodcell, McNab of San Francisco—these were a few of the names mentioned.

But everybody doing the mentioning and the boosting knew that to enter all these candidates would be the nomination to Richardson. Many believed, and still believe, that to allow more than one candidate would be picked, and it was give the governor the nomination.

The situation runs a parallel to that in the senatorship. Rex Goodcell jumped in, and said "Take me. You dare not take anybody else, for I'm in to stay till the last ditch is jumped."

It had been expected that along about now there would be a conference at which the strongest candidate would be picked, and it was supposed that Goodcell would go in to the conference. But it seems he is not looking for any conference. In the meantime, it looks as though C. C. Young has been centered upon by the northern California anti-Richardson leaders, and that Young also has considerable following in this end of the state. Just what Clark may be saying to Lineberger, "I'm in, and I can show you where I've got more backing than you have, so it is up to you to get out."

Or will it be Goodcell saying that to Young. Anyhow, up to now the Richardson forces are contented with the situation. If Young and Goodcell both stay in what better could the Richardson cohorts want?

Along Alone  
It looks as though Phil Swing may be going to congress this time without any opposition. The hiding that was given Ed Sample a year ago by Swing seems to have put a damper upon any ambition that anyone may have had to go to congress while Swing is willing to go back.

Of course, the Los Angeles Times may find it advisable to hire somebody to run against Swing just to keep him busy.

In County Affairs  
Next year promises to be an interesting year in Orange county politics. Supervisors Talbert, Smith and Jeffrey come to the ends of their terms. There will be three superior judges to be elected, together with a complete set of county officers.

There is some talk concerning the probabilities that will arise in the judgeship races. It is known that Judge Emerson J. Marks, recently appointed to the bench, will be up for re-election to Department 3's bench. It is heard, too, that Attorney William F. Menton and District Attorney A. P. Nelson will both be candidates for judgeships.

## Jean Morris Ellis Will Give Lecture

"The Crime Wave—Its Causes and Cure," will be the subject of a lecture at the Y. M. C. A. Monday night, at 8 o'clock, by Mrs. Jean Morris Ellis.

The lecture will be open to the general public, free of charge. It should prove to be of unusual interest to the many serious minded persons who are concerned with the alarming situation of the present, and who would like to know what to do to correct it.

## STATE RING BOARD MAY NAME REFEREE

LOS ANGELES, Oct. 9.—Managers of Eddie Huffman and Young Strubling, light heavyweights who fight a ten round bout at Ascot arena tomorrow afternoon, met in conference at the office of Dick Donald, promoter of the show, this morning to thrash out the referee question.

Just before the conflagration began, Don Hutchinson, secretary to Dick Donald, declared that they were going to try to coerce George Blake into being the third man in the ring.

"We know there is a lot of money being bet on this fight," Hutchinson declared, "and Donald wants a referee in there who is known by fans to be absolutely honest. George Blake is that man. If we fail to get Blake, Donald will turn the entire matter over to the state boxing commission and let them appoint a referee."

## Try this shortening once and you will know the new satisfaction in cooking

Compare it, if you wish, with any other shortening you have ever used. Or put it to every possible cooking test.

But you'll soon decide it isn't necessary to do all that.

You need only use FLUFFO once to be convinced that it has all the qualities of a perfect shortening—and several you never expected to find in any shortening.

Made from highly digestible vegetable oils, refined and re-refined, it is then aerated or made fluffy like whipped cream or beaten egg whites. That is why FLUFFO is so creamy that it mixes easily and evenly with the dry ingredients like flour and sugar. And, besides, this aeration actually helps your dough or batter to rise.

Get a can from your grocer today. Try it—be as critical as you know how. If you are not perfectly satisfied, tell your grocer and he'll refund the full purchase price.

For a NEW SATISFACTION in all your BAKING, FRYING & COOKING

## LARGE PIMPLES LASTED YEARS

On Face and Neck. Hard and Red. Cuticura Heals.

"I was bothered very much with pimples breaking out on my face and neck. They were large, hard and red and festered. The pimples were very annoying as well as unsightly as they itched all the time, and my face was disfigured. The trouble lasted for years.

"I tried many different preparations for the skin with unsatisfactory results. I began using Cuticura Soap and Ointment, and after using two cakes of Cuticura Soap and several boxes of Cuticura Ointment I was healed." (Signed) Mrs. Earl Weyandt, Box 23, Whites, Wash., Apr. 7, 1925.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes. Soap 25c, Ointment 15c and 50c. Talcum 25c. Sold everywhere. Sample each free. Address: Cuticura Laboratories, Dept. 2, Malden, Mass.

## Pittsburgh's Victory Evens Up World Series

### DEFENSE SLIPS COST SENATORS CLOSE CONTEST

WASHINGTON, Oct. 9.—With the score squared at one-all and a new chance to start all over, both the Senators and Pirates were anxious to jump into the third game of the world's series here today.

After winning a game each in Pittsburgh, the two major league champions were back to an even choice in the betting with just a slight leaning toward the Senators merely because of the home town angle.

Coming in from Pittsburgh, where the natives acted like a lot of college freshmen, a neutral observer could notice that Washington was a bit biased about the series. Last year the capital was in a fever but there is not the same novelty now to the big classic of baseball and many fans were peeved because they could not get tickets.

The home town fans, of course, figured that "Bucky" Harris and his veterans were sure to win the net three games and another world's championship, even if the plane were upset yesterday when Stanley Coveleskie, one of the three aces of the Washington pitching staff, was knocked off by the Pirates.

Coveleskie pitched a fine game of ball but he lost all the breaks. The winning run was put on base by a slip in the defense when Roger Peckinpaugh, one of an infield that was supposed to be invincible, tried to throw the ball before he got it and allowed Eddie Moore, the young Pittsburgh second baseman, to reach first. The ball was wet and hard to handle, but Peck was too anxious for the out and let it get away from him. "Kiki" Cuyler's home run, which bounded into the stands past Joe Harris, then followed and the game was over.

"Dutch" Reuther, the former Cincinnati-Brooklyn southpaw, probably will get the call to pitch today for the Senators. The Pirates have a bad reputation against left handers but "Bucky" Harris may take a chance on Reuther and Tom Zachary, one of the big stars of the series last year.

Ray Kremer, one of the best pitchers on the Pittsburgh staff, probably will be sent to the box by Manager McKechnie, but Emil Yde, who was the leading left hander of the National league last year, is ready to work and he may be sent in if Reuther is picked by Washington.

Many smart National league men thought that yesterday's game gave the Pirates the big break in the series and that they were sure to win now. They figure that Lee Meadows, although he is said to have a sore arm from the first game, is a bet to win his second start and in the second game, is good for one or two more games.

Aldridge won the game yesterday more through a stout heart than any great game in his arm. He filled the bases twice with home runs and escaped with only one run chiefly because he was willing to put the work up to his defense, and the infielders came through for him.

### EARL JABS MAY FOUR TILTS TO BE REGULAR AS START HARBOR BEAR FULLBACK LEAGUE SUNDAY

Earl Jabs, former Santa Ana high school football and baseball star, may be the regular fullback on this year's University of California varsity, it was learned today when Coach Andy Smith announced his intention to start the local boy in the Bears' game against the Olympic club at Berkeley tomorrow.

Through his work last Saturday against Nevada when he scored five touchdowns and advanced the ball 175 yards from scrimmage, Jabs has gained recognition as a great line smasher, and he is this week's hero on the California campus. Jabs' work has not gone unrecognized by Smith, this being indicated in his choice as starting fullback against the "Winged 'O' outfit, one of the most feared teams on the Coast.

Local football fans will be interested in the following article, clipped from a San Francisco newspaper, concerning Jabs:

"There is no doubt that the Bear's newest backfield star will cause the club line and secondary defense considerable worry. His line plunging power, first shown against the Wolf pack, has not diminished in scrimmage this week. Apparently Jabs is improving as the season progresses and during the last few nights' practice he has shown even greater plunging power than before.

"Smith regards Jabs as one of the best fullbacks in the country and will not doubt give him plenty of chances to bring havoc to the Olympians in Saturday's contest.

"Jabs will have Jimmy Dixon, Bert Griffin and probably 'Scoop' Carlisle as running mates in the game, although Andy has mentioned the possibility of starting Blewett at quarter-back. This gives the Bear line pounder some worthy backing, and he should add greater honors to his name next Saturday.

#### SUNDAYS GAMES

Santa Ana Woodmen of the World at Laguna Beach.

Van Dien-Young Co. at Westminster.

Tustin vs. Bowman-Prebles at American Legion park, Santa Ana.

Shields Paint Co. at Costa Mesa.

After one week's postponement because of an early October rainstorm, the eight clubs of the Orange County Harbor league will make another effort to begin their 1925-6 fight for championship honors Sunday afternoon.

These games will send the popular winter baseball campaign into its sixth season. Four Santa Ana clubs—the Woodmen of the World, the Shields Paint company and the Bowman-Prebles—are in the chase and all will have their openers out of the city with the exception of the Bowman-Prebles who hold the fort at American Legion park, there to meet Tustin, champions of the Orange County Summer league.

With a team greatly bolstered since its Summer league campaign, the Woodmen travel to Laguna Beach where they may encounter some difficulty in thrashing the Carvedwellers.

Westminster, always a tough bunch to beat, and the Van Dien-Youngs collide at Westminster's home lot which happens to be at Midway City.

The Shields Painters are assigned to tangle with Costa Mesa, a team of unknown strength, at Costa Mesa.

"Eeny" Wilcox umpires at Laguna Beach, Comford at Westminster, Sid Allender at Legion park and George Mathews at Costa Mesa.

#### Along the Sidelines

STANFORD UNIVERSITY, Cal.—Anticipating that Occidental eleven, which lost last year to the Cardinals, 49 to 6, will make a serious effort to turn the trick for a victory tomorrow, the Stanford varsity is making desperate attempts to tighten its line and develop more offense from the backfield.

BERKELEY, Cal.—Wearers of the Blue and Gold appear to be giving serious consideration to the menace of the Olympic club eleven in tomorrow's game with the University of California team. The Olympics beat Stanford 9 to 0 and are pointed especially to the Bruins because of several former Stanford stars in the club lineup.

### GAME AT POLY TO OPEN GRID SCHEDULE HERE

First Contest Should Give  
Charlie Winterburn Line  
On Ability of His Team

Some idea as to what kind of a team Santa Ana high school is to put on the turf this season in its pursuit of the Southern California championship will be gained tomorrow afternoon when Coach "Chuck" Winterburn sends his 1925 eleven against Coach M. J. Berg's Orange high school squad at Poly field. The contest will begin at 2:30 o'clock.

This will be the first contest of the season for the locals and nobody save possibly chunky Charlie Winterburn knows whether Santa Ana has a wonder team, a terrible team or just one of those teams that goes nowhere in particular.

Orange should prove a most capable opponent for the Santa Anans' debut. The neighboring city club humbled the locals last fall and went right on to the semifinals for the southland title, losing to Glendale, the eventual crown-wearers only after one gruelling tie and another 6 to 0 duel. Orange lost most of its veterans by graduation but Berg is a pretty smooth football man and he has a heavy, powerful, fast-charging line that may wreak havoc with Winterburn's light forwards.

May Determine Line-up  
In a measure, tomorrow's contest will be a sort of last test to determine Poly's regular lineup and it is probable that the eleven men who show the most in the thick of the battle will be the eleven youngsters who will get the honor of leading out of the gymnasium a week from today to meet Long Beach in the season's initial league struggle.

Winterburn is pretty certain to make a number of changes during the course of the engagement although he intends to let his first string go most of the way unless they fail to "hit in the clutch."

Santa Ana's starting lineup will include Roy Schoettler and Alan McDermott, ends; George Decker and Floyd Reister, tackles; Elmer Benson and Millen, guards; Jerry Heard, center; Harvey Durkee, quarterback; Gerald English and Walker, halfbacks, and Captain Ray Dawson, fullback.

This is Winterburn's official announcement. Five of these players—Decker, Reister, Benson, Heard and Dawson—were members of the Poly squad last season. English played until he was laid low by a siege of influenza. Durkee was quarterback for the Huntington Beach eleven last season and Walker had some experience in the middle west.

Will Get Line on Team  
A whole host of substitutes is virtually certain to be thrown into the frolic sometime during the afternoon regardless of the score because Winterburn is anxious to get a line on what his cohorts can do under fire. A lot of the boys can look like a million dollars running signals but some of them might be worse than the lowliest substitute when once the referee's whistle sends them into the fray. Reputations are made in the games, not the practice field, so there will be a lot of "bearing down" out there tomorrow.

Winterburn was to taper off a hard week's work with some "skull practice" and light limbering up exercises this afternoon. His squad is in good shape outside of Meacham, a guard, who is on the shelf temporarily with boils. The new Poly coach believes his men will be able to score on Orange. He has worked hard on an offensive. Whether on the defense they can withstand the pounding of Berg's line which averages right around 175 pounds from end to end is a horse of another color.

Tickets for the game are on sale at the Victor Walker sporting goods store.

### WASHINGTON FANS BRAVE RAIN TO WELCOME SENATORS HOME; STILL THINK TEAM WILL WIN

By FRANK GETTY

(United Press Staff Correspondent.)

WASHINGTON, Oct. 9.—Under grey skies that were heavy with rain, official and unofficial Washington splashed and skidded about today in welcoming home "Bucky" Harris and the world's champions, who are renewing defense of their title in the third game of the series.

Clark Griffith who is called the "Old Fox" by his fellow townsmen and who likes nothing better than to play host at a world's series, said the officials would not decide until considerably later in the day upon the practicability of playing ball today, but that it was practically certain the third game of the series would begin at 2 p. m.

Coolidge to Throw Ball

It needed the band, the parade and the presence of the president of the United States, to throw out the first ball, to stir these Washingtonians up to excitement over the spectacle.

But the real dyed in the wool fans who were interested in the thing from the point of view of a ball game, were out in force.

There was a short lineup of folks at the bleacher gates at daybreak, but nothing like the long lines that stretched away from Griffith stadium in every direction last year.

When the Pittsburgh Pirates poked their noses out to Washington this morning they felt right at home, for the weather was more like that in Pittsburgh than the weather in Washington itself.

Fans Glad To Be Home

The Washington Senators, with a little of their cockiness knocked off as a result of yesterday's defeat 3 to 2, at the hands of Vic Aldridge and "Kiki" Cuyler, declared to a man that they were glad to be home despite the weather.

### Mormons Arrive In Los Angeles For U. S. C. Game

LOS ANGELES, Oct. 9.—The University of Utah football team, headed by Coach Ike Armstrong, arrived here today and immediately participated in a light workout for their game against the University of Southern California tomorrow.

The Utah aggregation has not engaged in any games this year but are expected to furnish the Trojans with stiffer competition than any team they have met this season.

Trojan gridders are in good condition for the fray, according to Howard Jones, their coach.

### Tiger Varsity Off For Stanford Game

LOS ANGELES, Oct. 9.—The Occidental gridders were on their way today to Stanford University for their game with the Cards tomorrow.

Coach Sid Nichols took 33 players with him. Nichols will not admit a defeat in a store for his team. He declares, on the other hand, that Stanford will know they have been in a football game when the game is over.

### Prince of Wales Attends Theater In Gallery Seat

LONDON, Oct. 9.—London's club-dom is chuckling over an escapade of the Prince of Wales, recently revealed in a newspaper devoted to club gossip.

Ever democratic and unconventional, the prince decided to pay an informal visit to a popular revue. Instead of heading for the box office, the prince followed the dictates of his heart and lined up on the sidewalk among the hundreds waiting for cheap seats—an old British custom.

His dress was not of his usual immaculate style. An old lounge suit sufficed. His associates failed to recognize royalty in their midst. As is customary where crowds mingle, conversation did not drag. The prince soon became engaged in talk with his nearest companion—a "galleryite." The subjects discussed ranged from philosophy to engineering.

During one of the intervals in the show they both retired to the bar, where the prince was treated to England's national beverage—a glass of ale.

The sequel came when the orchestra played "God Save the King." The prince stood stiffly to attention. His companion bowed solemnly to the heir apparent. The prince's informal evening was at an end.

### Garden Grove

GARDEN GROVE, Oct. 9.—The opening meeting of the Women's Civic club for the year was held at the club house Monday, with the new president, Mrs. E. R. Stillens, presiding. The program was under the educational section, with Mrs. J. M. Woodworth, chairman in charge.

The opening number "Liza Love Dream," played by Mrs. Buttrey, of Anaheim, in a most artistic manner. Mrs. Shogmaker, also of Anaheim, gave two beautiful vocal numbers, with Mrs. Harrison accompanying. "I Love You California" was sung by the club members, with Mrs. Shogmaker and Mrs. Buttrey at the piano.

The speaker of the afternoon was Mrs. Victor Montgomery, of Santa Ana, who gave an entertaining talk on "Landmarks of Orange county." The program was followed by the business meeting, with gratifying reports of money returns from the cafeteria operated at the fair.

The vaudeville show to raise money for the high school student body fund will be held in the grand school auditorium on the evening of October 23. A play will be put on by the dramatic class and dancing acts and musical numbers will be presented.

## Orange County to Hold Father and Son Week Events

National Father and Son week, which will be observed November 8 to 15, will be properly celebrated in Orange county, according to Ralph Smedley, secretary of the Santa Ana Y. M. C. A. Plans are now under way, promoted by that organization for a county-wide observance of this week, conducted in the churches and clubs of the various communities.

Three features are being stressed this year. First, there will be, in most of the churches, special services on Sunday, November 8, in the interest of the young folks. Tuesday evening has been designated as the time when organized classes and clubs will invite the fathers of the boys to attend the meetings and enjoy the programs of work.

Friday evening will be the dinner occasion, when 20 or more father and son dinners will be conducted in various parts of the county, all operating on a standard program, scheduled to end at 8 o'clock, with a radio address by Dr. Robert Freeman, of the First Presbyterian church, of Pasadena, who is to broadcast the address to all of Orange county and to such of the other parts of the state as may care to listen in.

The Father and Son movement is promoted by the Y. M. C. A., and the special week is observed each year in November. It is the intention to make this year's program the best ever put on in this county.

The dues were placed at 10 cents per month, with a five cent fine for each member who does not attend a meeting. Officers chosen are: Mrs. C. Black, president and Mrs. M. Berry, secretary and treasurer.

Thirteen women were present at the organization meeting. These are: Mesdames Marks, Patterson, Cunningham, Wylie, Annan, Dan Head, Black, Berry, Weidie, Murphy, H. Howard, J. Howard and the hostess, Mrs. Anderson. Refreshments were served.

HUNTINGTON BEACH, Oct. 9.—Work on a two-story brick business building is expected to start within the next three weeks. It was announced today. The building is to be erected on the northeast corner of Ocean avenue and Fifth street.

It is expected that a house which occupies the property will be moved away soon. The property is near the main business section of the town. Mrs. Mary A. Wupperman, Arizona woman, is the owner.

Whether the building will face on Ocean avenue or will have its main entrance on Fifth street has not been definitely decided. Fifth street is growing rapidly, and during the past year, several new stores and a new theater have been erected on the street.

It is expected that the new building will cost about \$50,000.

## Fraternal News

### Jubilee Masons

Application for a charter was sent to the grand lodge of Masons by Jubilee lodge, Free and Accepted Masons, the first of the month. The application is expected to be acted upon at the grand lodge of Masons, meeting in San Francisco next week. Jubilee lodge has about 20 members, according to Master Robert Speed. The lodge was instituted in February of this year, when a dispensation was granted. The officers are: Master, Robert Speed; senior warden, Carl Cowles; junior warden, Judson Sutherland; senior deacon, Lloyd Roach; junior deacon, E. M. Sundquist; senior steward, Hestro Collins; treasurer, Charles Swanson; chaplain, J. P. Williams; Tyler, Lee Mills. Master Robert Speed has been elected delegate to the grand lodge. He will convey the application for the charter.

### Damascus Shrine

Another banner class of 12 candidates was introduced to the mystic rites of the White Shrine of Jerusalem, at the regular meeting of Damascus shrine, No. 13, on Wednesday evening. Sixty-one members have been added to the roll during 1925 and this growth has been the subject of much favorable observation among the neighboring shrines. Twenty-two members of San Geronimo shrine, No. 17 of San Bernardino, were present at the last meeting and by the warmth of their friendliness cemented still closer the bonds of fraternal fellowship. Other visitors from Fullerton and New Jersey also were welcomed.

Damascus shrine is planning another delightful evening for Tuesday, October 27, at which time a Halloween card party and dance will be given in El Camino hall. All members and their Masonic friends, and neighboring shrines will be cordially greeted at that time and an enjoyable time is promised by the committee in charge. The committee has been working for weeks upon details of the evening. Prizes will be given in the card room, which will be under the direction of Mrs. Elton Roehm, and in the ballroom there will be splendid music and feature dancing.

### Calumpit Auxiliary

There was a splendid attendance at the meeting of Calumpit auxiliary No. 33, Department of California, U. S. W. Y., Tuesday night. Many visitors were present.

The most important event of the evening was the order of the president, Mrs. Nannie H. Reed, to have Mrs. Bertha N. Dixon escorted to the altar and presenting her with a certificate of merit from the national organization for the excellent work she had performed for the auxiliary during the term of the president general. These certificates were issued by the president general to those members of auxiliaries throughout the United States who procured 10 or more members for their respective auxiliaries during this term.

Only three certificates were issued to California members, two of those having obtained just the necessary 10 while Mrs. Dixon brought in 13 to Calumpit auxiliary, so Santa Ana can claim the best worker in this state for an auxiliary. Mrs. Dixon was also the fourth in rank in the United States, as the national orders show but three others who exceeded the number procured by her.

The auxiliary is preparing to attend a meeting of the auxiliary at San Pedro, to which a special invitation has been received for next Monday night and also to attend the Citrus Belt U. S. W. Y. club picnic, at Bixby park, Long Beach, next Sunday.

### O. E. S.

A number of members of Hermosa chapter, of the Eastern Star this week took the opportunity to attend the fashion show sponsored by the order at a leading Los Angeles hotel. The money derived from the fashion show, according to Mrs. Joseph Burke, worthy matron of Hermosa chapter, is to be expended on a home for aged members of the lodge. About \$50,000 is expected to be cleared, she said. A number of prominent motion picture actresses and actors are assisting at the fashion show. The next meeting of the lodge will be held October 19. Several lodge members will attend the grand chapter, at Santa Cruz, in October.

### Fraternal Aid Union

The Fraternal Aid union met last Friday night at the M. W. A. hall for the regular social evening. Games were played and a musical program was enjoyed. The women of the union had invited their husbands as guests. Apple pie, ice cream and coffee were served. Mrs. Clara McCord was chairman of the committee in charge of the evening. The next meeting, a week from tonight, will be marked by a Halloween program, dancing to be enjoyed at the close of the program.

### Loyal Order of Moose 32

The Order of Moose held a social evening Thursday at the lodge hall. After a short business meeting, at which time the membership campaign was discussed, the session was turned over to the social committee, according to Otto Sanaker, dictator.

## LIONS AT GROVE ELECT OFFICERS

GARDEN GROVE, Oct. 9.—Regular weekly meeting of the Garden Grove Lions club was held at the Women's Civic club Wednesday noon. The new president, C. C. Arrowsmith, presided, and the following new officers were elected: A. D. Houshel, first vice president; Walter Wentz, second vice president; C. E. Pearson, third vice president. The Lions decided to join the chamber of commerce in the Phil D. Swing meeting, to be held next Wednesday noon at the club house.

## "Built Me Up"

YOU SHOULD read the following description, by Mrs. Albert Sparlin, of Gorman, Texas, whose picture is shown above, of the troubles from which she suffered, and how she finally found relief.

"About four years ago, I got in bad health," says Mrs. Sparlin. "I was weak and generally run-down. All this was due to female weakness and when, one day, one of my neighbors came in and told me to take Cardui for it, I did as she told me.

"It is wonderful how much it helped me and how quickly I recovered."

Some time after that, Mrs. Sparlin says, she had trouble which left her again in very bad health.

"I sent at once for Cardui," she says, "and took it for some time. I was in such bad shape. It soon built me up to where I was able to be around the house and do my work.

"Cardui is a grand medicine for womanly troubles and I am glad to recommend it. It has helped me twice when I was in bad health and that was enough to prove its worth."

### Calumpit Camp

The big rally night has come and gone but the memory of it will remain with the comrades, recruits and visitors for many months to come. It was written on the pages of history of Calumpit camp No. 26, Department of California, United Spanish War Veterans, last Tuesday evening. It was the best and largest meeting ever held by the camp and every minute was enjoyable to the audience, which packed the hall.

Before the meeting was called to order, the interest of the comrades was centered in the second frame of photographs of camp members which Quartermaster John Markwalder has placed in position beside the first frame. Pictures of the following comrades were contained in this frame: Frank E. Blencoe, Forrest Gay, Alfred F. Moulton, Walter W. Tantlinger, E. H. Boden, Charles E. Chaffin, Frank W. Chapman, G. V. Area, Clinton Ives, William Ellison, Robert H. Lee and Hardin T. Reed.

The meeting opened by advancing the colors and the salute given to them while Bugler George V. Area sounded "To the colors," after which the meeting repeated the U. S. W. V.'s oath of allegiance.

There was but a short business session, during which an invitation from J. Franklin Bell auxiliary of San Pedro was read and accepted. A committee was appointed to charter a stage to take members of the camp and auxiliary to San Pedro, to attend, next Monday night.

The committee is composed of Adit. Charles E. Chaffin, Off. of the Day Frank P. Rowe and Chaplain Forrest Gay. After authorizing the payment of the camp's bills and some routine matters, Commander Tantlinger turned the gavel over to Chairman R. H. Lee, of the rally night committee, to conduct the program of the evening.

Commander Tantlinger made the opening address by speaking on the subject, "What the U. S. W. V. Has Done for the Spanish War Veterans."

Junior Vice Department Com. Charles E. Dixon read a paper on the subject, "What the Spanish War Veterans Owe to the U. S. W. V."

Comrade Clyde Bishop, the speaker of the evening, spoke at length on the subject, "What the Spanish War Veterans owe to the U. S. W. V. Owe to Their Citizenship."

These addresses were received with applause, especially that of Comrade Bishop. A short recess was then declared in order that the comrades and recruits might get acquainted while the committee prepared for the latter part of the entertainment. A curtain was stretched across the hall to screen a temporary stage while it was being prepared for the scenes. When all was ready, the auxiliary members entered the hall and even the standing room was taken. The hall was darkened as the curtains were drawn disclosing a campfire scene at a soldier's bivouac, with colored electric lights showing as a fire up, in which the soldiers were cooking, while their tents and blankets and the ever present guards were shown by the lights of candles.

After their supper, they disposed of themselves in the various activities of the soldiers bivouac; some were playing cards, some were resting, some were telling stories. One would try to play on a harmonica and the card players would growl at him and the sentry, pacing slowly up and down, would occasionally pause to look into the tents at the groups of soldiers. After a while some of them commenced singing, "Tenting on the Old Camp Ground," then Junior Vice Com. Charles W. Kincaid began to sing an imitation of a Pagalos song which he finished with a musical saying in Spanish that brought forth waves of laughter from those of the meeting who understood. The singers then sang, "Where Is My Wandering Boy Tonight?" and the bugler blew "taps." The lights were extinguished and the soldiers retired. Suddenly a stream of fire shot from the sentry's Springfield rifle, the "Call to Arms" was sounded, the soldiers rushed to get in ranks and the American soldiers were ready to answer to a night attack just as so many of the "boys" had responded so often in their Philippine service.

After the performance was ended, the gathering adjourned to the banquet room where the women of the auxiliary had prepared refreshments that were supplemented by a contribution of luscious grapes, presented by Comrade Justin H. Stewart, from his vineyard at West Fifth street and the city limits.

Visitors were present from many of the Southern California towns and there were ex-soldiers there from nearly all of the states from Maine to California. The next important event will be the next meeting of the Citrus Belt U. S. W. V. club, at Bixby park, Long Beach, October 11, where the club will be entertained by Roosevelt camp and auxiliary, of Los Angeles.

### Sons of Veterans

The lodges formerly known as the Sons of Veterans and Daughters of Veterans, respectively, in the United States, changed their names at the last national encampment of the G. A. R. to "Sons of Union Veterans of the Civil War" and "Daughters of Union Veterans of the Civil War," according to E. J. Parker, commander of the Sons of Veterans in Santa Ana. Parker explained that the change was requested by the Grand Army of the Republic to distinguish the organization of their sons and daughters from the organizations of sons and daughters of veterans of the Spanish war and later from the organization of sons and daughters of veterans of the World war, if such an organization should be formed.

### Elks

Interest in Elks circles this week centers in the state convention of the California Elks association in San Francisco. The convention opened yesterday and will close Saturday. It was freely predicted here that the San Francisco lodge will live up to the reputation of "the city that knows how." Grand Exalted Ruler William Hawley Atwell, of Dallas, Tex., arrived Wednesday to attend the convocation. Other high lodge officers to attend include Edgar F. Davis, of Long Beach, president of the California Elks' association, the Hon. James G. McFarland, of Watertown, S. D., the past grand exalted ruler of the Elks; the Hon. Raymond Benjamin and William M. Abbott, past grand exalted rulers of the order.

The tentative program of events includes baseball, bowling, golf and trapshooting tournaments; ritualistic contest, band concert; trapshooters championship; automobile and steamer trips to points of interest in the bay cities; drill team competition at the Presidio. The reunion will be concluded with a grand high jinks for Elks and their ladies at the Elks club in Post street.

Every Elks lodge in California will have representatives in attendance during the reunion. Los Angeles lodge No. 99, headed by its famous White Squadron band and drill team, chartered a special train. Long Beach, Redondo Beach, San Pedro, Huntington Park, Santa Monica, Riverside and San Diego chartered special cars to be attached to the Elks special. In all 63 Elks lodges were represented by their officers and members.

San Francisco's new million dollar Elks home on Post street is official headquarters during the convention.

### Daughters of Veterans

At the meeting Tuesday afternoon of the Daughters of Union Veterans of the Civil War a goodly number were present to hear the reports given by the delegates to the national encampment of the G. A. R. and auxiliary organizations, held at Grand Rapids, Mich. Mesdames Edith Ward, Ethel Miller, Nellie Parker and Leonore Ward were the delegates from Santa Ana order who attended the convention.

A generous donation of canned fruit was made, to be taken to the veterans at Sawtelle. One of the members reported having visited the Daughters of Union Veterans of the Civil War tent at Santa Barbara. She reported that the tent equipment had been damaged by the earthquake. Their place of meeting was demolished, nothing being left but the stairway. All of the dishes were broken. The Santa Ana tent members voted to aid the Santa Barbara tent in a financial way.

### W. R. C.

The Woman's Relief corps met in G. A. R. hall last week. A large number of members were present to greet Mrs. Martha Packard, of Los Angeles, department inspector. Plans for the public dinner today in the G. A. R. hall were made. A bazaar is planned for November 13. The corps presented a gift to Mrs. Packard as a token of the esteem in which she is held by the Santa Ana members of the corps.

### Neighbors of Woodcraft

Neighbors of Woodcraft held a business meeting in the M. W. A. hall Monday, October 6. The circle regrets very much the loss of the clerk, Mrs. Isabelle Gipson, who resigned because of illness. The Neighbors will hold a social meeting October 19. There will be a program, dancing, fish-pond and other diversions. A cafeteria supper will be served.

## COUNTY SERVICE STATIONS PLAN SHORTER HOURS

ANAHEIM, Oct. 9.—Organization of the independent service station operators of Orange county for the purpose of bringing about a uniform schedule of opening and closing hours for stations of the county and to effect other reforms of mutual interest was taken up at a meeting of the recently formed Orange County Independent Service Station association in Eagles' hall, Anaheim, Wednesday night.

C. LeClaire, of Anaheim, organizer of the movement and temporary chairman of the association, announced that 70 independent operators in the north end of the county have already pledged themselves to observe the early closing agreement and that in the city of Anaheim the agreement is already in effect with practically all independents closing their stations at 7 o'clock. A determined drive to bring operators of the south half of the county under the banner of the new organization to secure their agreement to the proposed opening and closing agreement, is the next move of the association, he said.

That shorter hours for the operator of service stations is a move of tremendous economic significance, especially to the larger oil companies and that practically all of these, with the exception of the Standard Oil company, have already signed their endorsement of an earlier closing schedule, was the declaration of C. A. George, superintendent of the southern division for the Shell Oil company, who came to the meeting as a representative of the Shell organization.

Though Mr. George was the only authorized representative of an oil company present, practically all of the larger companies were represented unofficially and all of these visitors spoke, giving their personal endorsement to the early closing movement. Included among these were C. V. Duff, Anaheim superintendent of the Standard Oil company; Art Shipkey, distributor of the Home Oil company; Clayton Tilliston, Santa Ana representative of the Shell Oil company; W. Moyers, superintendent of state and county for the Shell, and Mr. Mosher, Ventura distributor in Anaheim.

Partial election of officers and directors held last night resulted in the following being named to serve on the executive committee of the organization: C. W. Murphy, Fullerton, vice president; C. C. Wilkinson, Fullerton, W. G. Sperber, Jr., Anaheim; W. G. Hagen, Orange; R. H. Day and "Bill" Jones, Santa Ana and A. Teague, Huntington Beach, directors. Election of a president and a secretary-treasurer and directors for various committees not yet represented on the directorate will be held at the next meeting of the association, called for next Wednesday night in Eagles' hall, Anaheim. Plans for a mass meeting, to be held in Santa Ana in the near future for the purpose of raising interest of operators in that portion of the county, were discussed.

The Parent-Teacher association of the Brea grammar school held its first meeting this year at the Brea grammar school building Tuesday afternoon. The president, Mrs. Ruth Sullivan, presided over the meeting. During the business meeting, a new treasurer was elected, Mrs. R. S. Hughes being chosen.
